COMMISSION

Dear Public Service Commission:

CASE NO. 2007-00134

It's absurd to think that Kentucky American Water will merrily condemn the properties of landowners along their chosen pipeline route when they ferociously fought the concept of condemnation with Lexington voters.

I'm outraged at Kentucky American's actions, their enormous rate increase proposals, and the social, economic, and environmental costs of their current pipeline proposal.

Kentucky American Water is no good for Kentucky.

Sincerely,

Shawn J. Sutherland
