**Re: *PSC Case No. 2007-00134, Kentucky-American Water Company's
Construction Application***

Dear Commissioners:

The Jessamine County Fiscal Court is in favor of having the Kentucky Public Service Commission timely decide Kentucky-American Water Company's application to build a new water treatment plant and related facilities, and therefore opposes any action that would result in a delay in making this decision.

The proposal submitted by Kentucky-American supports regionalism and appears to be feasible, cost-effective, and capable of being completed in a reasonable time.

As you well know, the issue of the water supply deficit in this region has been long-standing and still has not been addressed. This has been highlighted by the drought conditions we are currently experiencing.

I respectfully request that you file this letter in the record of this case as the Jessamine County Fiscal Court formal position on this matter. Thank you for your consideration.

Wm. Neal Cassity,
Jessamine County Judge/Executive
