RECEIVED  
MAR 30 2007  
PUBLIC SERVICE  
COMMISSION

Case No. 2007-00135

Dear Beth:

Northern Kentucky Water District notifies the Commission that it intends to file an application for a general rate increase, approval of financing and construction based on an historic test period on or shortly after May 1, 2007.

The District proposes to file an original and six copies of the application and responses to data requests. If that number is insufficient, the District requests a deviation from the required ten copies to the actual number required by the staff for the review of the application.

The District also intends to submit responses to the Commission's standard initial data request with its application.

A copy of this notice has been delivered to the Attorney General. If there are any questions about this, please contact me.

Very truly yours,  
  
John N. Hughes

Attorney for Northern Kentucky  
Water District
