RE: Case No. 2007-00354
Filing Deficiencies

The Commission staff has reviewed your application in the above case. This filing is rejected for the reasons set forth below:

1. Filing deficiencies pursuant to 807 KAR 5:076:

807 KAR 5:076, Section 1: annual reports for current year and past 2 years.

As a transmission company, Apache is not required to file annual reports with the Commission. However, it did not request a waiver from this filing requirement for the above-cited regulation. Annual reports for 2004, 2005 and 2006 must be on file with the Commission before Apache's rate application is considered "Filed". The data included in your application will suffice for the 2006 annual report.

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is on file with the Commission. If you have any questions regarding the information that needs to be filed for the 2004 and 2005 annual reports please contact Jeff Shaw at 502-564-3940 ext. 237.

Sincerely,

Michael F. Burford
Director Division of Filings
