O R D E R

Kentucky Rural Water Association ("KRWA") has applied for accreditation of its 2008 Annual Technical Conference and Exhibition, which will be held August 25-27, 2008 in Lexington, Kentucky.

Pursuant to KRS 74.020(7), this Commission is required to "encourage and promote the offering of high quality water district management training programs that enhance a water district commissioner's understanding of his or her duties." The conference for which approval is sought includes instruction regarding, inter alia, water accountability, computerized mapping, electronic recordkeeping, source protection, telemetry and Supervisory Control and Data Acquisition for water and wastewater systems, professionalism in the water and wastewater industry, and water and wastewater lab instrumentation.

Having reviewed KRWA's application, the Commission finds that the proposed courses will enhance a water district commissioner's understanding of his or her duties and should be approved for 12.0 credit hours of water district commissioner management training.

IT IS THEREFORE ORDERED that:

1. KRWA's proposed course of instruction is hereby approved for a maximum of 12.0 credit hours.
2. KRWA shall retain a record of all persons attending the approved course of instruction.
3. Within 14 days of the completion of the conference, KRWA shall file with the Commission a sworn statement attesting that the approved course of instruction was performed and, if any changes in the speakers or course curriculum occurred after KRWA's application, a description of those changes.

Done at Frankfort, Kentucky, this 13th day of August, 2008.
