RE: CHANGE IN STATUS FOR PROPOSED RATE INCREASE

Dear Mrs. Land:

As you are aware, the Commission has approved and recommended a modified water and sewer rate increase to the City Council. However, it has become evident that the City Council will not approve either of the rate increases that have been proposed.

We would like for you to be aware that the Commission will go back to the City Council for a rate increase around the first of the year 2009. Please be aware that the Commission may recommend an increase of at least 5%.

Sincerely,

Thomas G. Doyle  
Manager
