Subject: RE: Inverenergy PJM Point to Point

The delivery point is "Southexp" which is the generic point for all exports out of PJM in the general south direction. They do not have specific points for each interface with adjacent area.

Subject: Inverenergy PJM Point to Point

Dan Thompson of Inverenergy wants to know the delivery point for our point to point request. Is it a specific point on the LGE or KU system or is it any LGE/KU PJM interconnection?
