O R D E R

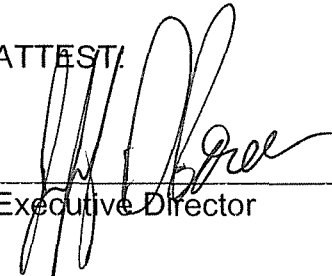

On December 6, 2010, the Commission accepted for filing Kentucky Utilities Company's ("KU") application for a Certificate of Public Convenience and Necessity to construct a 161 kv transmission line of approximately 1.69 miles in McCracken County, Kentucky. The application was filed pursuant to KRS 278.020. Such applications are to be decided by the Commission within 90 days of their filing, unless good cause exists to extend the time to 120 days as provided for under KRS 278.020(8).

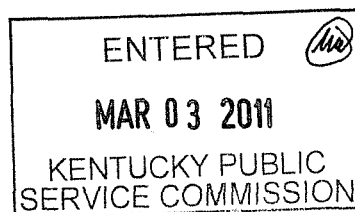

Based on the record in this case, which includes KU's responses to two information requests, the Commission finds that its investigation cannot be completed within 90 days and good cause exists to extend the deliberation time to 120 days.

IT IS THEREFORE ORDERED that the time limit for deciding this case is extended to 120 days in accordance with KRS 278.020(8).
