

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

WILLIAM D. CHRISTOPHER)	
)	
COMPLAINANT)	
)	
V.)	CASE NO. 2010-00358
)	
KENTUCKY-AMERICAN WATER)	
COMPANY)	
)	
DEFENDANT)	

ORDER

On August 31, 2010, Complainant William D. Christopher filed the Complaint in the above-styled matter against Defendant Kentucky American Water Company ("KAW"). In his Complaint, Mr. Christopher alleged that the water meter at his residence had malfunctioned in March 2010, resulting in an overcharge for water usage.

On September 29, 2010, KAW filed its Answer to the Complaint, stating that it had removed and tested the water meter at Mr. Christopher's residence and that the meter tested properly. KAW also submitted the meter to the Commission for testing in accordance with Mr. Christopher's request.

On October 22, 2010, the Commission's Executive Director filed water meter testing results from tests performed by Commission Staff on August 20, 2010 into the administrative record of this matter. The meter test results show that the meter installed at Mr. Christopher's residence was, in fact, operating within the accuracy requirements of the Commission's regulations.

On January 6, 2011, Complainant filed a motion with the Commission requesting to withdraw his August 31, 2010 Complaint against KAW. In his motion Complainant states that:

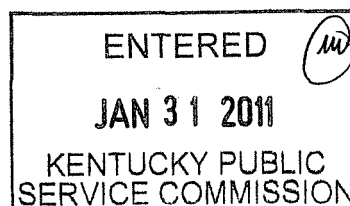

On December 31, 2010 I discovered a leak in one of my underground water pipes. This leak was repaired on January 4, 2011. It is my belief that this recently discovered leak could possibly be the source of my high water usage during the February-March 2010 time period.

Based on Complainant's January 6, 2011 motion and being otherwise sufficiently informed, the Commission finds good cause to grant Complainant's motion to withdraw his August 31, 2010 Complaint.

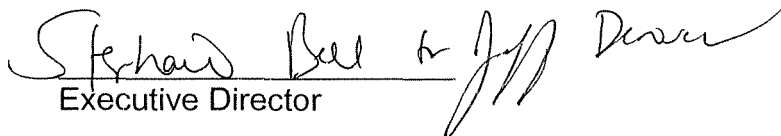

IT IS THEREFORE ORDERED that:

1. Complainant's motion to withdraw his August 31, 2010 Complaint in this matter is granted.
2. This case is DISMISSED and hereby removed from the Commission's docket.

By the Commission
