2008 THROUGH OCTOBER 31, 2010)	

O R D E R

Pursuant to 807 KAR 5:056, the Commission, on January 26, 2011, established this case to review and evaluate the application of the Fuel Adjustment Clause ("FAC") of Jackson Energy Cooperative Corporation ("Jackson Energy") for the two-year period from November 1, 2008 through October 31, 2010.

As part of this review, the Commission ordered Jackson Energy to submit certain information and an affidavit attesting to its adherence to 807 KAR 5:056. The Commission further ordered that a public hearing be held in this case but cancelled it when, after publication of notice, no interested person advised the Commission of his or her intent to attend.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that:

1. During the period under review, Jackson Energy has complied in all material respects with the provisions of 807 KAR 5:056.

2. East Kentucky Power Cooperative, Inc. ("East Kentucky"), the wholesale supplier of Jackson Energy, has been authorized to transfer (roll-in) to its base energy

rates a negative 6.39 mills per kWh of fuel costs that were being credited to customers through its FAC.¹

3. Jackson Energy should be authorized to transfer (roll-in) to its base energy rates a negative 6.76 mills per kWh to reflect, as adjusted for line loss, the transfer (roll-in) by East Kentucky of a negative 6.39 mills per kWh of fuel costs to East Kentucky's base energy rates that were being credited to customers through its FAC.

4. The rates and charges in the Appendix to this Order are fair, just, and reasonable, and reflect the reduction of fuel costs included in its base energy rates.

IT IS THEREFORE ORDERED that:

1. The charges and credits applied by Jackson Energy through the FAC for the period from November 1, 2008 through October 31, 2010 are approved.

2. Jackson Energy shall deduct 6.76 mills per kWh from its base energy rates (as adjusted for line loss) to reflect the transfer (roll-in) of a negative 6.39 mills per kWh of fuel costs by East Kentucky to its base energy rates as approved in Case No. 2010-00491.

3. The rates in the Appendix to this Order are approved for service rendered by Jackson Energy on and after June 1, 2011, the effective date of East Kentucky's change in rates.

¹ Case No. 2010-00491, An Examination of the Application of the Fuel Adjustment Clause of East Kentucky Power Cooperative, Inc. from November 1, 2008 through October 31, 2010 (Ky. PSC May 31, 2011).

4. Within 20 days of the date of this Order, Jackson Energy shall file revised tariff sheets with the Commission setting out the rates approved herein and reflecting that they were approved by this Order.
