Comes the Community Action Council for Lexington-Fayette, Bourbon, Harrison and Nicholas Counties, Inc. (CAC), by counsel, and submits the following Initial Interrogatories to Joint Applicants Louisville Gas and Electric Company and Kentucky Utilities Company (hereinafter collectively "Companies"):

INSTRUCTIONS

In your responses to each question, please identify the witness(es) answering each question. These questions shall be answered by the Companies collectively. However, if any answer to any question differs in any manner between the Companies, please specify how the answer differs.

INTERROGATORIES

1. On Page 9, paragraph 14 of the Joint Application, the Companies project the monthly bill impacts of the new DSM/EE programs and enhancements for residential customers using 1,000 kWh per month. Is the actual average monthly residential usage 1,000 kWh? If not,

what is the average monthly usage in kWh of the Companies' residential customers? Based on the actual average monthly usage, what is the current DSM/EE charge for these customers and what will be the new charge for each of the Companies.

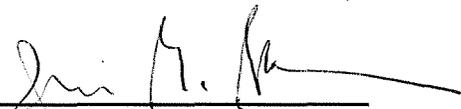

2. Please describe the intake process by which eligible customers are identified, eligibility confirmed, and customers enrolled in the WeCare low-income residential weatherization program.

3. Please describe who will conduct the installation of weatherization measures for the WeCare low-income residential weatherization program. What are the qualifications of those vendors and how will the Companies ensure quality work?

4. How will low-income customers, who lack the up-front capital to make large purchases, benefit from the Residential Incentives Program? What solutions have the Companies considered for low-income customers who lack the up front capital to make large purchases?

5. What is the Companies' position regarding waiver in the Smart Energy Profile program of customer costs for low-income customers, such as those customers already deemed eligible for the WeCare program?

Respectfully submitted,
