RE: *In the Matter of: The Application of Louisville Gas and Electric Company for Certificates of Public Convenience and Necessity and Approval of Its 2011 Compliance Plan for Recovery by Environmental Surcharge - Case No. 2011-00162*

Dear Mr. DeRouen:

Enclosed please find an original and fifteen (15) copies of Louisville Gas and Electric Company's (LG&E) supplemental response to the Attorney General's (AG) Initial Data Requests, Question Nos. 2 and 6 dated July 12, 2011, in the above-referenced matter.

Also enclosed are an original and fifteen (15) copies of Kentucky Utilities Company's Motion to Deviate from Requirement Governing Filing of Copies.

Also enclosed are an original and fifteen (15) copies of a Petition for Confidential Protection regarding certain information contained in the supplemental response to Question Nos. 2 and 6.

Should you have any questions regarding the enclosed, please contact me at your convenience.

Sincerely,

Robert M. Conroy

LOUISVILLE GAS AND ELECTRIC COMPANY

Supplemental Response to Attorney General's Initial Data Requests Dated July 12, 2011

Case No. 2011-00162

Question No. 2

Witness: Counsel

- Q-2. Provide copies of all correspondence, memoranda and e-mails regarding any and all alternatives to the proposed environmental compliance plan set forth in the company's petition in the instant matter:
- a. by and among the employees, officers and directors of LG&E / KU; and
 - b. between the company's employees and any and all external consultants.
 - c. For purposes of this question, the term "company" includes any and all subsidiaries, affiliates and holding companies within the PPL corporate family.

A-2.

Original response:

- a. To the extent that the request for the production of documents is overly broad and unduly burdensome and seeks the production of documents that are irrelevant to the issues in this case or are privileged, objections are made to the request. Without waiver of these objections, counsel for LG&E is undertaking a reasonable and diligent search for responsive and non-privileged documents and will produce documents responsive to this request through a rolling production beginning July 25, 2011. Please note that LG&E anticipates seeking confidential protection for portions of certain documents being provided hereunder. Also a privilege log concerning documents responsive to this request, but which LG&E is not providing on the ground that they are exempt from production, will be subsequently provided in a supplemental response. This log will be supplemented as appropriate with the production of other documents or completion of the search. Counsel for LG&E will update counsel for the AG on a weekly basis on the status of the production of further documents.
- b. See the response to (a).
- c. No response appears to be required.

Supplemental Response:

- a. LG&E incorporates by reference the objections stated in its original response above. Those objections notwithstanding, attached hereto in computer disk format is the final set of documents responsive to this request (as well as those responsive to DR No. 6 of this set of data requests). Please note that LG&E is seeking confidential protection for certain documents being provided hereunder, and that a separate disk of such documents is being provided to parties that have negotiated and signed confidentiality agreements with LG&E. Also attached hereto is a log of all responsive documents LG&E is not providing on the ground of privilege.
- b. See the response to (a).
- c. No response appears to be required.

LOUISVILLE GAS AND ELECTRIC COMPANY

Supplemental Response to Attorney General's Initial Data Requests Dated July 12, 2011

Case No. 2011-00162

Question No. 6

Witness: Counsel / Lonnie E. Bellar

- Q-6. Reference the testimony of Mr. Bellar at page 14. Please identify precisely how long LG&E has been working on the matters at issue in application.
- a. Provide copies of any and all documents, emails, correspondence, memorandum, reports, letters, studies, analyses, conclusions, or opinions that relate to the preparation of the application, whether prepared by LG&E or any other entity involved, including but not limited to KU, an affiliate company, PPL, an independent contractor, or any agent of the aforementioned entities. In complying with this and all other specific requests set forth in the Attorney General's Initial Requests, please pay careful attention to the definition of "document" as set forth in instruction no. 10 of the attached instructions.
 - b. If not provided in the prior response, provide copies of all Board of Directors' meeting minutes, emails, correspondence, memorandum, reports, letters and/or any and all other documents that discuss the preparation of the application.

A-6.

Original response:

LG&E cannot identify a precise date when work on this application began since review of and compliance with environmental regulations is an on-going process. However, in early to mid 2010 the Companies began developing projects to be contained in an amended environmental compliance plan that resulted in this Application.

- a. To the extent that the request for the production of documents is overly broad and unduly burdensome and seeks the production of documents that are irrelevant to the issues in this case or are privileged, objections are made to the request. Without waiver of these objections, counsel for LG&E is undertaking a reasonable and diligent search for responsive and non-privileged documents and will produce documents responsive to this request through a rolling production beginning July 25, 2011. Please note that LG&E is seeking confidential protection for portions of certain documents being provided hereunder. Also a privilege log concerning documents responsive to this request, but which LG&E is not providing on the ground that they

are exempt from production, will be subsequently provided in a supplemental response. This log will be supplemented as appropriate with the production of other documents or completion of the search. Counsel for LG&E will update counsel for the AG on a weekly basis on the status of the production of further documents.

- b. See the response to (a).

Supplemental Response:

- a. LG&E incorporates by reference the objections stated in its original response above. Those objections notwithstanding, attached hereto in computer disk format is the final set of documents responsive to this request (as well as those responsive to DR No. 2 of this set of data requests). Please note that LG&E is seeking confidential protection for certain documents being provided hereunder, and that a separate disk of such documents is being provided to parties that have negotiated and signed confidentiality agreements with LG&E. Also attached hereto is a log of all responsive documents LG&E is not providing on the ground of privilege.
- b. See the response to (a).

AND APPROVAL OF ITS 2011 COMPLIANCE)
PLAN FOR RECOVERY BY)
ENVIRONMENTAL SURCHARGE)

**MOTION OF LOUISVILLE GAS AND ELECTRIC COMPANY TO DEVIATE FROM
REQUIREMENT GOVERNING FILING OF COPIES**

Louisville Gas and Electric Company (“LG&E”) by counsel, petitions the Kentucky Public Service Commission (“Commission”) to grant LG&E approval, pursuant to 807 KAR 5:001, Section 14 to deviate from the requirement that parties file and original and fifteen (15) complete copies of all data responses and attachments. LG&E requests that it be excused from filing any paper copies of certain of its responses and attachments due to the fact that such responses and attachments are unduly voluminous. In support of its Motion, LG&E states as follows:

1. Pursuant to Commission’s June 28, 2011 Order, LG&E must provide an original and fifteen (15) copies of all data responses and attachments to the Commission, along with a service copy to all parties of record. Certain of the responses and attachments to the responses are voluminous. Due to the voluminous nature of certain of the responses and attachments, LG&E is requesting permission to file only electronic copies on compact disc of the responses and attachments.

2. In response to the Attorney General’s Initial Data Request Nos. 2 and 6, LG&E provided on July 25, 2011, documents on compact disc that totaled over 6,000 pages (combined public and confidential), and is providing today documents on compact disc totaling over 12,000

pages. In providing just the Commission's fifteen copies, LG&E would have to provide over 270,000 pages. This number will increase greatly when the service copies are likewise considered.

3. Due to the voluminous nature of these documents, LG&E requests permission pursuant to 807 KAR 5:001, Section 14 to deviate from the Commission's June 28, 2011 Order and provide the Commission's fifteen copies electronically, both for LG&E's July 25, 2011 initial responses and the supplemental responses being filed today. LG&E also seeks permission to provide service copies to the other parties to the proceeding electronically, as well.

WHEREFORE, LG&E requests a deviation from the requirement that parties provide an original and fifteen (15) paper copies of data responses. LG&E requests that it be allowed to instead submit the responses and attachments identified above on compact disc in compliance with this requirement.

**PETITION OF LOUISVILLE GAS AND ELECTRIC COMPANY FOR
 CONFIDENTIAL PROTECTION FOR SUPPLEMENTAL RESPONSES TO CERTAIN
 DATA REQUESTS OF THE ATTORNEY GENERAL**

Louisville Gas and Electric Company (“LG&E”) hereby petitions the Kentucky Public Service Commission (“Commission”) pursuant to 807 KAR 5:001, Section 7, and KRS 61.878(1)(c) and (a) to grant confidential protection for the items described herein, which LG&E seeks to provide as part of its supplemental response to the Attorney General’s (“AG”) Initial Data Requests Nos. 2 and 6. In support of this Petition, LG&E states as follows:

Confidential or Proprietary Commercial Information (KRS 61.878(1)(c))

1. The Kentucky Open Records Act exempts from disclosure certain commercial information. KRS 61.878(1)(c). To qualify for the exemption and, therefore, maintain the confidentiality of the information, a party must establish that the material is of a kind generally recognized to be confidential or proprietary, and the disclosure of which would permit an unfair commercial advantage to competitors of the party seeking confidentiality.

2. AG Request No. 2 asks LG&E to provide “all correspondence, memoranda and e-mails regarding any and all alternatives to the proposed environmental compliance plan set forth in the company’s petition in the instant matter.” Similarly, AG Request No. 6 seeks “any and all documents, emails, correspondence, memoranda, reports, letters, studies, analyses, conclusions,

or opinions that relate to the preparation of the application” Certain of the documents contained in the voluminous supplemental production contain commercially sensitive and proprietary information, including, but not limited to, budgeting information, power production cost and unit outage information, contract compensation terms and request-for-proposals-related information, and links to secure websites.

(a) As to the budgeting information, disclosure of the information would reveal LG&E’s budget strategies and processes, the public disclosure of which would reveal to competitors how LG&E prepares its budgetary information, which could significantly benefit LG&E’s competitors by permitting third parties to manipulate the information for their advantage.

(b) As to the power production cost and unit outage information, such information merits confidential protection because revealing it would likely harm LG&E’s ability to compete in wholesale power markets by revealing their input costs and dispatch methodology, which can affect wholesale sales strategy and performance. This would constitute an unfair disadvantage to LG&E.

(c) Certain of LG&E’s contract terms and request-for-proposals-related information, including agreed-upon compensation rates, contain highly sensitive commercial information. These provisions represent concessions, terms, and conditions that LG&E has been able to negotiate for LG&E’s and its customers’ benefit. Revealing publicly the compensation rates would significantly compromise LG&E’s ability to obtain contract labor at competitive rates, which would in turn financially harm LG&E’s customers. Permitting other contractors to obtain this information would inure a significant commercial advantage to the companies at LG&E’s and its customers’ expense because third-party contractors will be less likely to contract

with LG&E at the least possible cost if their negotiated prices and other contract terms will be available to the public. Moreover, contractors would not favor public disclosure of concessions that they have made because those concessions would be used against them in future negotiations with other customers. They would therefore be more likely to insist on standard contract provisions and less willing to negotiate terms with LG&E in the future, thus jeopardizing LG&E's ability to obtain the best possible contracts, placing it at an additional competitive disadvantage.

Confidential Personal Information (KRS 61.878(1)(a))

3. In its supplemental response to AG Request No. 2 and 6, LG&E is providing documents that include links to secure websites and likewise includes the requisite log-in information, such as user names and passwords for these sites. This information constitutes confidential personal information because of the personal identifiers, such as user names. The Kentucky Attorney General has previously held that personal identifying information, such as phone numbers, is exempt from disclosure under the Kentucky Open Records Act.¹ User names and passwords are equally significant identifying information, the disclosure of which would permit the public to gain access to the secure sites and the highly confidential information available on those sites. LG&E believes that protecting such information is critical, not only because of the identifying information, but also because the disclosure of the identifying information would permit competitors to access many forms of the commercially sensitive information discussed above.

4. If the Commission disagrees with any of these requests for confidential protection, however, it must hold an evidentiary hearing (a) to protect LG&E's due process rights and (b) to supply with the Commission with a complete record to enable it to reach a

¹ See, e.g., 99-ORD-87 at 5.

decision with regard to this matter. Utility Regulatory Commission v. Kentucky Water Service Company, Inc., 642 S.W.2d 591, 592-94 (Ky. App. 1982).

5. The information for which LG&E is seeking confidential treatment is not known outside of LG&E, is not disseminated within LG&E except to those employees with a legitimate business need to know and act upon the information, and is generally recognized as confidential and proprietary information in the energy industry.

6. LG&E will disclose the confidential information, pursuant to a confidentiality agreement, to intervenors and others with a legitimate interest in this information and as required by the Commission. In accordance with the provisions of 807 KAR 5:001, Section 7 and the Commission's June 28, 2011 Order in this proceeding, LG&E herewith files with the Commission one copy of the above-discussed responses with the confidential information highlighted and fifteen (15) copies of its responses without the confidential information.

WHEREFORE, Louisville Gas and Electric Company respectfully requests that the Commission grant confidential protection for the information at issue, or in the alternative, schedule and evidentiary hearing on all factual issues while maintaining the confidentiality of the information pending the outcome of the hearing.
