PUBLIC SERVICE
COMMISSION

RE: Henderson County Water District
Application for Adjustment of Rates
PSC Case No. 2013-00154

Dear Mr. Derouen:

I received the PSC Order, dated September 17, 2013, in the referenced case on September 18. The water district was not aware of the order until Monday, September 23rd whereupon the manager of the water district called me concerned it was too late for the required notice to appear in the local newspapers by September 25. The order was only sent to me. I did not realize that the water district was not on the service list and did not receive the order with the notification requirement. Consequently, due to the short time between the request to the local newspapers and desired date of appearance, it was not possible to publish the notice by September 25. However, the notice can and will appear in the newspapers on September 26.

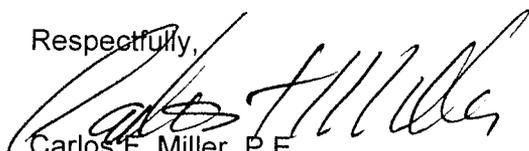

It is hereby respectfully requested that the Commission consider compliance with the Commission's Order by accepting the notification date of September 26. It is hopeful that the Commission will consider the water district's compliance in spirit, if not in action, since it was an inadvertent occurrence on my part that resulted in the notification being one day late. This consideration will be deeply appreciated.

It is further requested to add the water district to the service list as follows:

Mr. David Spainhoward, Chairman
Henderson County Water District
P.O. Box 655
Henderson, KY 42419
