Gregory,

The deadline will be extended. I will try to have the order issued tomorrow, if not the order may not go out until later next week.

Importance: High

Ann,

While I understand that getting an Order out today may be difficult or even impossible, can you give us some assurance that today's deadline will be extended? I believe a simple email would suffice. As things currently stand, both Classic Construction and the AG must file their responses to the Staff report today by 5pm. Considering that we are now 45 minutes from that deadline, some guidance as to whether we need to file today or not would be most appreciated.

Thank you for your attention to this matter.

Ann,

The OAG supports moving the filing deadline for both the OAG and Classic Construction to either December 2 or November 25. We oppose having a different deadline for filing a response to the Staff Report, whatever deadline is given, than Classic Construction. Additionally, we would not object to delaying the date of the IC, even by one day. As the schedule currently stands, Jennifer and I will likely be in a hearing at the PSC on the morning of December 4.

The Commission received Classic Construction's motion to extend the time to respond to the Staff Report from November 14 to December 2, 2013. The informal conference is currently scheduled for December 4. I would like to have at least 5 business days to review Classic Construction's response to the Staff Report prior to the informal conference date. Can Classic Construction file the response by November 25, 2013? If necessary, the informal conference date can be moved, but I prefer not changing the date because of the holidays.

Thank you.
