**INTRA-AGENCY MEMORANDUM**  
**KENTUCKY PUBLIC SERVICE COMMISSION**

**TO:** Main Case File – Case No. 2013-00313  
**FROM:** Bob Russell, Team Leader  
**DATE:** November 6, 2013  
**SUBJECT:** November 5, 2013 Informal Conference

Pursuant to a Staff Notice issued on November 4, 2013, a telephonic informal conference was held on November 5, 2013 at the request of Duke Energy Kentucky, Inc. (“Duke Kentucky”). The attendance sheet is attached to this memorandum. The purpose of the informal conference was to discuss demand side management (“DSM”) evaluation reports currently in process and Duke Kentucky’s desire to file these in its August 15, 2014 true-up filing.

Duke Kentucky explained that they had several DSM program evaluations in process at this time. Practically all the evaluation reports were 50 percent or more completed, with some of those evaluations being 75 to 90 percent complete. Duke Kentucky was concerned of the rate impact to its customers if the evaluation reports were to be filed in August 2016. Duke Kentucky also expressed concerns as to the impact on lost revenues as to any revised kWh impacts resulting from the measurement and verification evaluation that might be deferred to a later period. Duke Kentucky requested that it be able to file the evaluation reports on or about August 15, 2014 for all of its DSM programs except for the Smart Saver Custom and the Low Income Neighbor programs, which should be completed and filed in 2016. Staff advised that it had no objections to the evaluations being filed as recommended by Duke Kentucky.

There being no further discussions, the conference was adjourned.
