ORDER

Kentucky Rural Water Association (“KRWA”) has applied for accreditation of its Regional Meetings in the Northeast Region (April 15, 2014), Green River Region (April 17, 2014) and Western Region (April 24, 2014), at which instruction is to be provided on, *inter alia*, upcoming regulatory changes and new regulations affecting drinking water utilities in Kentucky, particularly the Stage 2 Disinfection By-Product Rule.

This Commission is required to “encourage and promote the offering of high quality water district management training programs that enhance a water district commissioner’s understanding of his or her responsibilities and duties.”<sup>1</sup> Having reviewed KRWA’s application, the Commission finds that the instruction in question will enhance a district commissioner’s understanding of his or her responsibilities and duties and should, therefore, be accredited for two hours of water district management training.

<sup>1</sup> KRS 74.020(7)(c).

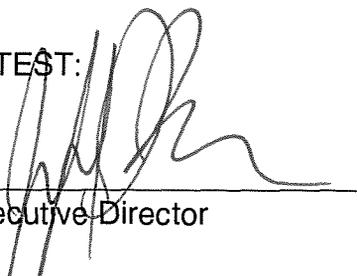

IT IS THEREFORE ORDERED that:
