

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF PEOPLES RURAL	)	
TELEPHONE COOPERATIVE CORPORATION,	)	
INC. FOR A GENERAL ADJUSTMENT IN	)	CASE NO.
RATES	)	2014-00305

ORDER

On October 2, 2014, Peoples Rural Telephone Cooperative Corporation, Inc. ("Peoples Telephone") filed a motion for waiver of certain rate application filing requirements contemporaneously with tendering its application requesting authorization to adjust its rates and charges for basic local exchange service.

In its motion, Peoples Telephone requested a waiver from the following filing requirements and subparts of 807 KAR 5:001:

- Section 16(4)(b), which requires the filing of prepared testimony of each witness who will support the application.

Peoples Telephone requested a waiver from this requirement because the detailed narrative explanation of the proposed rate adjustment, which complies with an FCC order and is not driven by a financial need, was submitted as Exhibit 1 of the application and thus does not require further explanation through prepared testimony.

- Section 16(4)(h), which requires a summary of determination of revenue requirements based on return on net investment rate base, return on capitalization, interest coverage, debt service coverage, or operating ratio, with supporting schedules.

Peoples Telephone requested a waiver from this requirement to the extent that it must provide information in addition to the 2013 Rural Utilities Service (“RUS”) operating report submitted with the application, which contains financial information regarding Peoples Telephone’s revenue position compared to its required operating revenues. Peoples Telephone argues that the proposed rate adjustment will be offset by revenue reductions imposed by the FCC, and thus no or nominal additional revenue is expected from the proposed rate adjustment.

- Section 16(4)(i), which requires the reconciliation of rate base and capital used to determine revenue requirements.

Peoples Telephone requested a waiver from this requirement because the proposed rate adjustment was based on a rate floor set by the FCC, not on rate base and capital.

- Section 16(4)(n), which requires the summary of the latest depreciation study with a schedule identifying current and test-period depreciation rates used by major plant accounts.
- Section 16(4)(r), which requires the monthly managerial reports providing financial results of operations for the 12 months in the test period.

Peoples Telephone requested a waiver from these requirements because its annual financial report, which covers the test period, is on file with the Commission.

- Section 16(4)(q), which requires the annual report to shareholders, or members, and statistical supplements covering the two most recent years from the utility’s application filing date.

Peoples Telephone requested a waiver from this requirement to the extent that it must provide information in addition to the independent auditor’s opinion letter it submitted

with its application and its annual financial report, which covers the test period and is on file with the Commission.

- Section 16(5), which allows, upon good cause shown, a utility to request pro forma adjustments for known and measurable changes to ensure fair, just, and reasonable rates based on the historical test period. This regulation also requires the filing of certain information.

Peoples Telephone requested a waiver from this requirement because its application does not include any pro forma adjustments.

Based on a review of Peoples Telephone's motion and rate application, the Commission finds that:

1. Peoples Telephone has shown good cause to permit it to deviate from the filing requirements of 807 KAR 5:001, Sections 16(4)(b), 16(4)(i), 16(4)(n), 16(4)(r), and 16(5); and its request for a waiver from the filing requirements should be granted.

2. The information provided in the application and on file with the Commission fulfills the filing requirements set forth in 807 KAR 5:001, Sections 16(4)(h) and 16(4)(q), and therefore a waiver of the filing requirements of those two sections is not required.

IT IS THEREFORE ORDERED that:

1. Peoples Telephone's request for a waiver from the filing requirements of 807 KAR 5:001, Sections 16(4)(b), 16(4)(i), 16(4)(n), 16(4)(r), and 16(5) is granted.

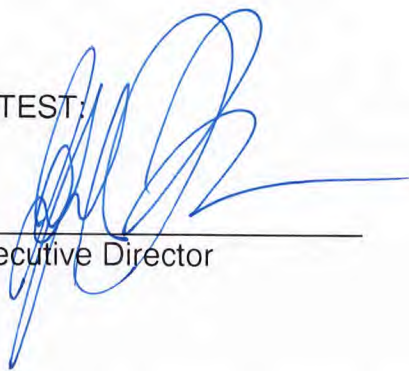

2. The information contained in the application meets the filing requirements set forth in 807 KAR 5:001, Sections 16(4)(h) and 16(4)(q), and the request for a waiver from these regulations is denied.

3. Peoples Telephone's application is deemed filed as of the date of this Order.

By the Commission
