PURSUANT TO KRS 278.020 AND 278.300 )**

**AMENDED APPLICATION**

The Adair County Water District, d/b/a Columbia/Adair Utilities District (the "District"), by counsel, pursuant to KRS 278.020 and 278.300, amends its original Application filed with the Kentucky Public Service Commission on January 22, 2014 to revise certain requests and clarify certain facts set forth in said original Application as follows:

1. The original Application requested authorization to issue securities in the approximate principal amount of \$1,085,000. The District desires to provide funding for Alternate No. 1 (the Longhunters Area) and hereby requests authorization to issue securities in the approximate principal amount of \$2,000,000. In support of said request, the District hereby files a revised Final Cost Estimate (as prepared by Monarch Engineers) which includes both the Base Bid (Downtown Area) and Alternate No. 1 (Longhunters Area). A copy of the revised Final Cost Estimate is attached hereto as Exhibit "A".

2. Paragraph No. 14 of the original Application is hereby amended to delete the reference to "KRWFC Loan" and substitute "DWSRF Loan" in its place.

3. The original Conditional Commitment Letter of the Kentucky Infrastructure Authority (“KIA”), dated November 2, 2012 filed with the original Application as Exhibit “D” was revised on November 29, 2012. A copy of the revised KIA Conditional Commitment Letter is attached hereto as **Exhibit “B”**.

4. The KIA Conditional Commitment (original dated November 2, 2012) provided for a period of twelve months from the date of the original letter (original deadline was November 2, 2013) for the District to meet the conditions therein. The District applied to KIA for and was granted a six month extension to meet the conditions (new deadline is May 2, 2014). A copy of the October 28, 2013 KIA extension letter is attached hereto as **Exhibit “C”**.

**WHEREFORE**, the Applicant, Adair County Water District, d/b/a Columbia/Adair Utilities District, by counsel, requests that the Public Service Commission of Kentucky take the following actions:

1. Amend the original Application to authorize the issuance of the securities in the approximate principal amount of \$2,000,000;
2. Grant to the Applicant a Certificate of Public Convenience and Necessity permitting the Applicant to construct the water improvement project consisting of the Base Bid (Downtown Area) and Alternate No. 1 (Longhunters Area);

**KENTUCKY INFRASTRUCTURE AUTHORITY  
FEDERALLY ASSISTED DRINKING WATER REVOLVING LOAN FUND  
CONDITIONAL COMMITMENT LETTER (F12-04)  
REVISED**

Dear Chairman Flowers:

The Kentucky Infrastructure Authority ("the Authority") commends your efforts to improve public service facilities in your community. On November 1, 2012, the Authority approved your loan for the Downtown Water System Improvements project subject to the conditions stated below. The total cost of the project shall not exceed \$4,000,000 of which the Authority loan shall provide \$4,000,000 of the funding. The final loan amount will be equal to the Authority's portion of estimated project cost applied to the actual project cost. Attachment A incorporated herein by reference fully describes the project.

An Assistance Agreement will be executed between the Authority and the Adair County Water District dba Columbia / Adair Utilities District upon satisfactory performance of the conditions set forth in this letter. A period of twelve months from the date of this letter (11/2/2013) will be allowed for you to meet the conditions set forth in this letter and enter into an Assistance Agreement. A one-time extension of up to six months may be granted for applicants that experience extenuating circumstances. Funds will be available for disbursement only after execution of the Assistance Agreement.

The Assistance Agreement and this commitment shall be subject, but not limited to, the following terms:

1. The Authority project loan shall not exceed \$4,000,000.
2. The loan shall contain principal forgiveness in the amount of 35%. Actual amortized loan and forgiveness amounts will be based on actual project costs drawn from the Authority.
3. The loan shall bear interest at the rate of 0.75% per annum commencing with the first draw of funds.
4. The loan shall be repaid over a period not to exceed 30 years from the date the loan is closed.
5. Interest shall be payable on the unforgiven amount of actual funds received. The first payment shall be due on June 1 or December 1 immediately succeeding the date of the initial draw of funds, provided that if such June 1 or December 1 shall be less than three months since the date of the initial draw of funds, then the first interest payment date shall be the June 1 or December 1 which is at least six months from the date of the initial draw of funds. Interest payments will be due each six months thereafter until the loan is repaid.
6. Full principal payments will commence on the appropriate June 1 or December 1 within twelve months from initiation of operation. Full payments will be due each six months thereafter until the loan is repaid.
7. A loan servicing fee of 0.25% of the annual outstanding loan balance shall be payable to the Authority as a part of each interest payment.
8. Loan funds will be disbursed after execution of the Assistance Agreement as project costs are incurred.
9. The Authority loan funds must be expended within six months of the official date of initiation of operation.
10. Fund "F" loan funds are considered to be federal funds. OMB Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations, requires that all recipients and subrecipients expending \$500,000 or more in a year in federal awards must have a single or program-specific audit conducted for that year in accordance with the Circular. If the federal amount expended plus all other federal funds expended exceeds the threshold, you are required to arrange for an A-133 audit to be performed by an independent, licensed CPA, or in special cases, the

Auditor of Public Accounts of the Commonwealth of Kentucky. The Authority requires an annual audit to be performed for the life of the loan.

The following is a list of the standard conditions to be satisfied prior to execution of the Assistance Agreement or incorporated in the Assistance Agreement. Any required documentation must be submitted to the party designated.

1. The Authority to Award (bid) package must be submitted to the Division of Water for approval within 14 days of bid opening.
2. The Assistance Agreement must be executed within six (6) months from bid opening.
3. The Borrower must agree to expend all Authority loan funds within six months of the date of initiation of operation.
4. Documentation of final funding commitments from all parties other than the Authority as reflected in the credit analysis shall be provided prior to preparation of the Assistance Agreement and disbursement of the loan monies. Rejections of any anticipated project funding shall be immediately reported and may cause this loan to be subject to further consideration.
5. The loan must undergo review by the Capital Projects and Bond Oversight Committee of the Kentucky Legislature prior to the state's execution of the Assistance Agreement. The committee meets monthly on the third Tuesday. At this time we know of no further submission required for their review; however, they may request information as needed.
6. Any required adjustment in utility service rates shall be adopted by ordinance, municipal order or resolution by the appropriate governing body of the Borrower. Public hearings as required by law shall be held prior to the adoption of the service rate ordinance, order, or resolution. Any required approvals by the Kentucky Public Service Commission shall be obtained.
7. All easements or purchases of land shall be completed prior to commencement of construction. Certification of all land or easement acquisitions shall be provided to the Division of Water.
8. The Borrower must complete and return to the Authority the attached "Authorization For Electronic Deposit of Vendor Payment" Form.

9. The Authority to Award Package documentation shall be submitted to and approved by DOW.
10. An environmental review shall be conducted by the Division of Water for all construction projects receiving DWSRF funds, within the term of this binding commitment and prior to project bid.
11. Technical plans and specifications and a complete DWSRF specifications checklist shall be approved by the Division of Water prior to project bid.
12. A clear site certificate shall be obtained and DOW representatives shall be notified for attendance of the pre-construction conference.
13. Project changes or additions shall require a complete environmental and change order review before they can be included in the DWSRF loan project.

The following is a list of additional conditions to be satisfied prior to execution of the Assistance Agreement or incorporated in the Assistance Agreement. Any required documentation must be submitted to the party designated.

1. The Borrower shall require all contractors to pay wages pursuant to applicable prevailing wage rates (federal or state) for all work relating to the subject Project. The Borrower shall, if applicable, comply with all Davis Bacon related monitoring and reporting.
2. The project shall comply with the reporting requirements of the Transparency Act, and shall complete the attached Transparency Act Reporting Information Form and provide to the Authority no later than 30 days after the KIA Board approval date of your loan.
3. If the project has a "Green Reserve" component, the Borrower must submit a Business Case, if required.

Any special conditions listed below and/or stated in Attachment A must be resolved.

Chairman Robert Flowers

**I. PROJECT DESCRIPTION**

The Adair County Water District dba Columbia / Adair Utilities District (District) is requesting a Fund "F" loan for \$4,000,000 for Phase 1 of the Downtown System Improvements project. The project consists of the installation of approximately 5,400 linear feet (LF) of eight inch and 38,000 LF of six inch waterline to replace existing undersized and asbestos-cement water lines in the Tutt Street Area, the Longhunters Subdivision in the KY Highway 80 East Area and other areas in downtown Columbia. The waterline replacements will affect approximately 1,200 existing customers of which approximately 420 will also have their meters replaced with radio read meters.

The District is regulated by the Public Service Commission, serves all of Adair County and has approximately 7,600 water customers of which 1,600 within the City of Columbia are also sewer customers. In July 2011 the City of Columbia's sewer and water operations were merged into the District. Completion of a merger of the Columbia / Adair County Water Commission into the District is expected in late 2012 or early 2013. The District has operated the Commission's water treatment plant under a negotiated agreement since January 2011.

#### VII. DEMOGRAPHICS

Based on current Census data from the American Community Survey 5-Year Estimate 2006-2010, the County's population was 18,542 with a Median Household Income

(MHI) of \$29,834. The median household income for the Commonwealth is \$41,576. The project will qualify for a .75% interest rate.

### **VIII. 2011 CAPITALIZATION GRANT EQUIVALENCIES**

- 1) Green Project Reserve - This project qualifies for Green Project Reserve (GPR) funding for \$3,243,800. The breakdown of the GPR to the respective "green" categories is listed below:
  - a. Green Infrastructure - \$0
  - b. Water Efficiency - \$3,243,800
  - c. Energy Efficiency - \$0
  - d. Environmentally Innovative - \$0
  
- 2) Additional Subsidization – This project qualifies for additional subsidization in the amount of \$1,400,000.

### **IX. FINANCIAL ANALYSIS (See Exhibit 1)**

Pro forma financial information is presented to show the combined financial structure of the District and the Commission. We could not obtain sufficient information from the audits for the District, the City and the Commission to eliminate transactions between them to prepare a meaningful pro-forma historical analysis for years prior to 2011. Financial information for the District and the Commission was obtained from their audited financial statements. Amounts were estimated for the City (their audit was incomplete) for the portion of 2011 that they still owned the sewer and water utilities.

On May 3, 2010, the District entered into an asset purchase agreement to acquire the water and sewer systems from the City of Columbia. The District operated the system under a lease arrangement until the July 21, 2011 merging closing date.

On December 9, 2010, the District and the Columbia / Adair County Water Commission entered into an agreement to merge operations. The District will be the surviving entity after the merger with the Commission. Completion of the merger is anticipated in late 2012 or early 2013. Prior to their merger, the District and the City of Columbia were the only customers of the Commission.

#### **PRO FORMA 2011**

Revenues were \$3.6 million in 2011. Water and sewer revenues were \$2.9 million and \$600 thousand, respectively. Other revenues were \$100 thousand. Customer growth averages about 1% per year. Water rates increased 26% in February 2012 which will increase revenues about \$750,000 per year. The increase is primarily to support several capital projects that are in process. Water and sewer operating expenses in 2011 were \$2.2 million and \$600 thousand, respectively, for a total of \$2.8 million. The debt coverage ratio was 0.7 with negative cash flow from operations of \$270 thousand. The sewer operation had about \$174 thousand unfavorable cash flow after debt service while the water operation was \$96 thousand unfavorable.

The balance sheet reflects a current ratio of 0.4, debt to equity of 0.9, days sales in accounts receivable of 30 and one month of operating expenses in unrestricted cash. Reserves are maintained for bond sinking funds, depreciation / repairs and customer deposits.

### PROJECTED

Projections are based on the following assumptions:

- 1) Revenues assume customer growth of 1.0% per year and periodic rate increases to offset inflation.
- 2) Sewer rates will be increased prior to the beginning of 2014 to offset the existing expense deficit which is estimated at about \$90,000.
- 3) Expenses will increase 2.5% annually for inflation.
- 4) The cash flow forecast does not assume any additional debt service beyond this proposed loan, previously approved KIA loans and two RD loans (\$595,000 and \$1.2 million) for both District and Commission projects that were in process at the end of 2011.
- 5) A replacement reserve of \$10,000 (on this loan) will be funded annually for ten years.
- 6) Debt service on the new KIA loan will be \$103,444 beginning in 2014.

Debt service coverage is 1.0 in 2015 which represents the first full year of full principal and interest repayments on the loan. Based on the proforma assumptions, the utility shows adequate cash flow to repay the proposed loan.

### REPLACEMENT RESERVE

The annual replacement cost is \$10,000. This amount should be added to the replacement account each December 1 until the balance reaches \$100,000 and maintained for the life of the loan.

Columbia, Kentucky 42728

**KENTUCKY INFRASTRUCTURE AUTHORITY  
FEDERALLY ASSISTED DRINKING WATER REVOLVING LOAN FUND  
CONDITIONAL COMMITMENT LETTER (F12-04)  
EXTENSION**

Dear Chairman Flowers:

The Kentucky Infrastructure Authority ("the Authority") has approved an extension of the Drinking Water State Revolving Fund (DWSRF) loan F12-04 for the Downtown Water System Improvements project. The Authority has extended the deadline for the District to meet the conditions set forth in the conditional commitment letter for six (6) months. The original expiration date was November 2, 2013. The new expiration date will be May 2, 2014. If the project does not meet the conditions by the new expiration date, no additional extensions will be considered and the commitment will be rescinded.

Please inform the Authority of any changes in your financing plan as soon as possible. We wish you every success for this project which will benefit both your community and the Commonwealth as a whole.

Sincerely,

A handwritten signature in black ink, appearing to read "John E. Covington, III".
