RE: Case No. 2014-00111 – Henderson County Water District
Filing Deficiencies

The Commission Staff has reviewed Henderson County Water District's response to the deficiency stated in our letter of April 7, 2014. Please note that the response does not cure the deficiency.

Filing deficiencies pursuant to:

807 KAR 5:068 Section 1(e):

A copy of the resolution or other document of the utility's governing body authorizing the proposed rates.

The "resolution or other document" required by the above-referenced regulation would be the resolution from Henderson County Water District's Board of Commissioners authorizing the proposed rates.

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is filed with the Commission. If your filing contains a proposed effective date, the rejection of your filing for reasons of deficiencies voids that proposed effective date. When you file the required information to correct the deficiencies, you may re-file your proposed tariff with a new proposed effective date that is a least 30 days from the date you file the required information. You are requested to file 10 copies of this information within 15 days of date of this letter. If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

A handwritten signature in cursive script that reads "Linda Faulkner".
