RE: CASE NO 2014-00267  
Surcharge Monthly Activity Report

Dear Mr. Derouen:

Please find this as our monthly Sur-Charge activity report.

1. Cannonsburg Water District had been obtaining the readings of 7 of the replacement master meters that were inoperable. One of the seven is getting a reading but there is no usage registering. We have contacted C I Thornburg to see why it is not registering usage, but no response as of this date. Three are still not in operating order at this date. C. I Thornburg has ordered new registers for the ones not operating. We had not heard when the new registers will be shipped.
2. Cannonsburg Water District (CWD) has found and repaired 15 water leaks throughout the District in the month of August 2015.
3. The Bids for the replacement of service lines are still not ready for bid until we collect the data from the master meters.

Sincerely,

Danny R. Clarkson  
Manager  
Enclosure
