For A Commission Order Granting )  
Relinquishment Of Its Designation As A ) Case No. 2015-00135  
Lifeline-Only Eligible Telecommunications )  
Carrier )

**PETITION TO RELINQUISH ETC DESIGNATION**

Cricket<sup>1</sup> respectfully petitions the Commission for relinquishment of its designation as a Lifeline-only Eligible Telecommunications Carrier (“ETC”). The federal Telecommunications Act of 1996 provides that the Commission “shall permit [Cricket] to relinquish its [ETC] designation . . . in any area served by more than one [ETC].”<sup>2</sup> Each area in which Cricket seeks to relinquish its Lifeline-only ETC designation is served by an incumbent local exchange provider (“ILEC”) that is designated as an ETC, and many of those areas are also served by at least one other service provider that is designated as an ETC. To the best of Cricket’s knowledge, existing facilities of remaining ETCs are sufficient to ensure that all customers served by Cricket will continue to be served upon the relinquishment of its ETC designation. Additionally, New Cricket<sup>3</sup> (an affiliate of Cricket) will continue providing prepaid wireless service in these areas after Cricket’s designation is relinquished. Cricket, therefore, respectfully requests that the Commission issue an order as soon as possible (but no later than May 31, 2015)

---

<sup>1</sup> Cricket Communications, LLC. On February 23, 2015, Cricket notified the Commission of its intent to elect to become a limited liability company effective on or about February 28, 2015, and the Commission has updated its records accordingly.

granting relinquishment of Cricket's Lifeline-only ETC designation effective July 31, 2015 so that Cricket can provide ample notice to its customers and ensure an orderly transition to either another Cricket offering or to another Lifeline provider prior to the effective date of relinquishment.

In support of this Petition, Cricket respectfully avers:

1. Cricket is licensed by the Federal Communications Commission ("FCC") to provide commercial mobile radio service ("CMRS") in Kentucky.

2. In 2011, the Commission designated Cricket "as an ETC for the purpose of offering Lifeline and Link-up service only in the licensed service areas throughout the state as depicted in the Appendix."<sup>4</sup>

3. **Exhibit B** to this Petition identifies: the wire centers impacted by the relinquishment of Cricket's Lifeline-only ETC designation; and the ILECs designated as ETCs that serve those wire centers.

4. **Exhibit C** to this Petition identifies other (non-ILEC) ETCs that provide service in at least part of Cricket's designated Lifeline-only ETC service area.

5. In pertinent part, the federal Telecommunications Act of 1996 provides that:

A State commission . . . *shall permit an [ETC] to relinquish its designation* as such a carrier *in any area served by more than one [ETC]*. An [ETC] that seeks to relinquish its [ETC] designation for an area served by more than one [ETC] shall give advance notice to the State commission . . . of such relinquishment. Prior to permitting a telecommunications carrier designated as an [ETC] to cease providing universal service in an area served by more than one eligible telecommunications carrier, the State commission . . . shall require the remaining [ETCs] to ensure that all customers served by the relinquishing carrier will continue to be served,

<sup>4</sup> See Order, *In re: Application of Cricket Communications, Inc. for Designation as an Eligible Telecommunications Carrier in the Commonwealth of Kentucky*, in Case No. 2011-00382 at 9 (December 21, 2011). **Exhibit A** to this Petition is a copy of the Appendix to this Order.

and shall require sufficient notice to permit the purchase or construction of adequate facilities by any remaining [ETC].<sup>5</sup>

6. The relevant FCC rule essentially reiterates the same requirements and states, in pertinent part, that a “state commission shall permit” an ETC to “relinquish its designation as such a carrier in any area served by more than one [ETC].”<sup>6</sup> The FCC rule further provides that the ETC “shall give advance notice to the state commission of such relinquishment,” the state commission must ensure that the relinquishing ETC’s customers will be served by the remaining ETC(s), and the state commission must ensure sufficient notice to permit the purchase and construction of facilities if necessary.<sup>7</sup>

7. Because at least one other ETC (in addition to Cricket) serves all areas in which Cricket is currently designated as a Lifeline-only ETC, applicable federal law requires the Commission to permit Cricket to relinquish its Lifeline-only ETC designation.

8. Further, no purchase or construction of facilities by any remaining ETC is necessary, because existing facilities are sufficient to ensure that all customers served by Cricket will continue to be served. Accordingly, “notice to permit the purchase or construction of adequate facilities by any remaining [ETC]” is neither necessary nor appropriate.

9. Additionally, New Cricket has no current plans to stop offering competitive prepaid wireless plans to all consumers, including low-income consumers.

10. Cricket will ensure that its current Lifeline customers in Kentucky (fewer than 1,730 as of April 1, 2015) receive ample notice that Cricket will no longer be offering Lifeline.

**Exhibit D** is a sample copy of the notification Cricket will provide via U.S. Mail to each of its

Lifeline customers on or before June 15, 2015. Because Cricket customers are most familiar with receiving information from Cricket via text message, Cricket will also send each Lifeline customer at least one text message no later than June 15, 2015 directing them to a website(s) with information about New Cricket's offers and alternative Lifeline providers. In addition to offering to transition each Lifeline customer to a competitively-priced wireless calling plan offered by New Cricket, Cricket also will inform each of its Lifeline customers that a Lifeline discount can be obtained from the remaining ETC(s) in the area, and it will provide the link to lifelinesupport.org through which a customer may obtain carrier-specific contact information.<sup>8</sup> Cricket Lifeline customers will not incur early termination fees for choosing a new Lifeline provider, because no Cricket customers are subject to such fees.

11. In order to avoid customer confusion and assist with a smooth transition process, upon the filing of this Petition Cricket will stop accepting new Lifeline applications, stop adding new Lifeline customers, and inform potential customers inquiring about Lifeline of the pendency of this Petition. This is consistent with the approach relinquishing wireless ETCs have been allowed to take both in Kentucky<sup>9</sup> and in other jurisdictions,<sup>10</sup> and it will prevent a newly

enrolled Lifeline customer on Cricket's CDMA network from having to change to another Lifeline provider shortly thereafter or having to change devices to receive GSM/LTE service from New Cricket.

12. Cricket seeks to relinquish its Lifeline-only ETC designation effective on July 31, 2015. Cricket requests that the Commission issue an order granting Cricket's petition as soon as possible, but no later than May 31, 2015, so that Cricket can provide ample notice to its customers and ensure an orderly transition.

### CONCLUSION

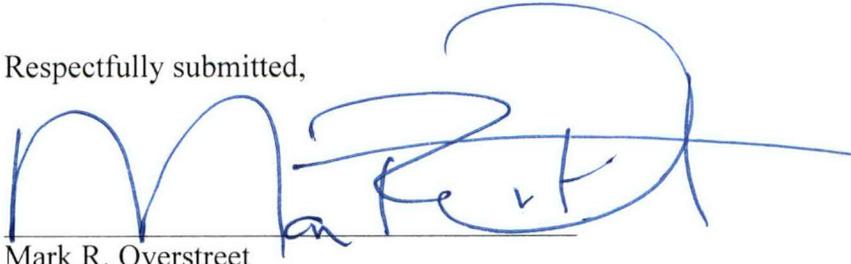

Cricket, therefore, respectfully requests that the Commission issue an order as soon as possible (but no later than May 31, 2015) granting relinquishment of Cricket's Lifeline-only ETC designation effective July 31, 2015 so that Cricket can provide ample notice to its customers and ensure an orderly transition to either another Cricket offering or to another Lifeline provider prior to the effective date of relinquishment.
