**Re: Purchase Water Adjustment  
Case No. 2015-000164**

Dear Sir,

The Lake Village Water Association requests that the Commission approve a revision to the Purchase Water Adjustment from \$0.69 to \$0.70 per 1,000 gallons. Case No. 2015-000164, as submitted, includes a request to increase water rates by \$0.69 per 1,000 gallons. After working through the application, Commission Staff found that the actual Purchase Water Adjustment should be \$0.70 per 1,000 gallons to cover the additional costs from the City of Danville. The Association concurs with Commission Staff and requests the Purchase Water Adjustment be increased.

Sincerely,

Mike D. Sanford  
Executive Director  
Lake Village Water Association, Inc.
