PUBLIC SERVICE
COMMISSION

Mr. Jeff Derouen, Executive Director
Public Service Commission
P. O. Box 615
Frankfort, KY 40602-0615

Dear Mr. Derouen:

Kentucky Rural Water Association hosted three (3) regional meetings during the month of July, 2015. These classes offered two (2) hours per session of continuing education credit.

Please find enclosed a training summary/timed agenda for these meetings which includes a description of the topic and speaker information. These classes were approved by the Kentucky Board of Certification of Water Treatment & Distribution System Operators. A copy of their approval letter is included.

With this letter and enclosures, Kentucky Rural Water Association respectfully requests that this training be approved for continuing education credit for commissioners as referenced in regulation 807 KAR 5:070. If additional information is needed, please do not hesitate to contact our office.

Sincerely,

Janet Cole
Education Coordinator

Enclosures
(Original and 10 packets)

Training Sponsor: Kentucky Rural Water Association – Regional Meetings

Learning Objectives:

The objective of this session is to provide useful information to attendees to help them better perform their role as a utility professional and enhance the operations at their facilities.

Criteria for Training Credits:

Following a meal, the training portion of the meeting will be conducted from 6:30 p.m. until 8:30 p.m. Attendees will be granted credit for actual time attending the training session. The maximum number of training credit hours for this session will be two (2) hours.

Course Title: Northeast Regional Meeting
Location: Reno's Steakhouse, Morehead, KY
Date: July 14, 2015

6:30 p.m. - 8:30 p.m.

Topic: Pumps for Drinking Water Systems and Wells
Presenter: Emily Miesner, Layne Christensen

Pumps may be the most important piece of equipment in a drinking water utility. This session will cover pumps used in water utilities. Topics will include pump curves, pump maintenance, including the importance of maintenance. This session will also address pumps used for wells, well maintenance and well rehabilitation.

Speaker Bio

Emily Miesner
Layne Christensen
1301 E. Main Street
Louisville, KY 40206

Emily Miesner graduated from University of Louisville with a Bachelor of Science in Business Administration in December, 1999. She has been with Layne Christensen for 15+ years. Emily has successfully completed numerous pump training courses including vertical turbine pump training.

Course Title: Green River Regional Meeting
Location: Ryan's Steakhouse, Owensboro, KY
Date: July 16, 2015

Course Title: Western Regional Meeting
Location: Ponderosa Steakhouse, Draffenville, KY
Date: July 23, 2015

6:30 p.m. - 8:30 p.m.

Topic: Water System Optimization
Presenter: Dell Harris, Kentucky Rural Water Association

The Stage 2 Disinfection By-Product Rule is bringing about many changes in drinking water utilities. Besides taking steps towards direct compliance with the rule, many utilities are taking steps to optimize their water treatment and distribution processes. This session will cover many of the steps utilities can take in the optimization process. Topics will include treatment processes, leak detection, flushing, and valve maintenance.

Speaker Bio

Dell Harris joined KRWA in September 1997 as a Circuit Rider. Dell holds an Associate Degree from the Elizabethtown Community College and has both a class IV Distribution license and a class IVA Treatment license. His previous experience includes working as an operator and Interim General Manager for Hardin Co. Water District #1.
