ORDER

On March 15, 2016, West Kentucky Rural Telephone Cooperative Corporation, Inc. (“West Kentucky Telephone”) filed a motion for waiver of certain rate application filing requirements contemporaneously with tendering its application requesting authorization to adjust its rates and charges for basic local exchange service.

In its motion, West Kentucky Telephone requested a waiver from the following filing requirements and subparts of 807 KAR 5:001:

- Section 16(4)(b), which requires the filing of prepared testimony of each witness who will support the application.

West Kentucky Telephone requested a waiver from this requirement because a detailed narrative explanation of the proposed rate adjustment, which complies with a Federal Communications Commission (“FCC”) order and is not driven by a financial need, was submitted as Exhibit 1 of the application, and thus does not require further explanation through prepared testimony.

- Section 16(4)(h), which requires a summary of determination of revenue requirements based on return on net investment rate base, return on capitalization, interest coverage, debt service coverage, or operating ratio, with supporting schedules.

West Kentucky Telephone requested a waiver from this requirement to the extent that it must provide information in addition to the 2014 Rural Utilities Service (“RUS”) operating report submitted with the application as Exhibit 5, which contains financial information regarding West Kentucky Telephone’s revenue position compared to its required operating revenues. West Kentucky Telephone argues that the proposed rate adjustment will be offset by revenue reductions imposed by the FCC’s reduction of access revenues from intercarrier compensation, and thus, no or nominal additional revenue is expected from the proposed rate adjustment.

- Section 16(4)(i), which requires the reconciliation of rate base and capital used to determine revenue requirements.

West Kentucky Telephone requested a waiver from this requirement because the proposed rate adjustment is based on a rate floor set by the FCC, not on rate base and capital.

- Section 16(4)(n), which requires the summary of the latest depreciation study with a schedule identifying current and test-period depreciation rates used by major plant accounts.

West Kentucky Telephone requested a waiver from this requirement because its current and test-period depreciation rates used by major plant accounts are on file with the Commission as Exhibit 8 to West Kentucky Telephone’s application in Case No.

2014-00329.<sup>1</sup> West Kentucky Telephone states that the rates are the Commission's average depreciation rates, and they have not changed. West Kentucky Telephone further states that since the proposed rate adjustment is based on a rate floor set by the FCC, it has provided sufficient information to allow the Commission to efficiently evaluate the application.

- Section 16(4)(q), which requires the annual report to shareholders, or members, and statistical supplements covering the two most recent years from the utility's application filing date.

West Kentucky Telephone requested a waiver from this requirement to the extent that it must provide information in addition to the audited financial statement and independent auditor's opinion letter it submitted with its application as Exhibit 6.

- Section 16(4)(r), which requires the monthly managerial reports providing financial results of operations for the 12 months in the test period.

West Kentucky Telephone requested a waiver from this requirement because its annual financial report for 2014, which covers the test period, is on file with the Commission.

- Section 16(5), which allows, upon good cause shown, a utility to request pro forma adjustments for known and measurable changes to ensure fair, just, and reasonable rates based on the historical test period, and which requires any such adjustments to be supported by specific financial and statistical information.

West Kentucky Telephone requested a waiver from this requirement because its application does not include any pro forma adjustments.

<sup>1</sup> Case No. 2014-00329, *Application of West Kentucky Rural Telephone Cooperative Corporation, Inc. for a General Adjustment in Rates* (filed Oct. 29, 2014), Application, Exhibit 8.

Based on a review of West Kentucky Telephone's motion and rate application, the Commission finds that:

1. West Kentucky Telephone's application has been filed to comply with an FCC mandate which specifies a rate floor for basic exchange service.

2. Based on the FCC rate mandate, West Kentucky Telephone has shown good cause to permit it to deviate from the filing requirements of 807 KAR 5:001, Sections 16(4)(b), 16(4)(h), 16(4)(i), 16(4)(n), 16(4)(q), 16(4)(r), and 16(5), and its request for a waiver from the filing requirements should be granted.

3. The Commission, on its own motion, finds that West Kentucky Telephone's 2014 annual financial report on file with the Commission should be incorporated into the record by reference only.

IT IS THEREFORE ORDERED that:

1. West Kentucky Telephone's request for a deviation from the filing requirements of 807 KAR 5:001, Sections 16(4)(b), 16(4)(h), 16(4)(i), 16(4)(n), 16(4)(q), 16(4)(r), and 16(5), is granted.

2. West Kentucky Telephone's 2014 annual financial report on file with the Commission is incorporated into the record by reference only.

3. West Kentucky Telephone's application is deemed filed as of the date of this Order.
