In the Matter of:

COMMISSIONER TRAINING AND CONTINUING	)	
EDUCATION CREDIT	)	

ORDER

Kentucky Rural Water Association (“KRWA”) has applied for accreditation and approval for three regional meetings, held on April 12, 2016, in Morehead, Kentucky; April 14, 2016, in Hartford, Kentucky; and to be held on April 21, 2016, in Draffenville, Kentucky, respectively. One training session is scheduled to be held on each day at which commissioners can earn up to two hours of continuing education credit per day. These meetings provide useful information to attendees to help them better perform in their roles as utility professionals and to enhance operations at their facilities.

This Commission is required to “encourage and promote the offering of high quality water district management training programs that enhance a water district commissioner’s understanding of his or her responsibilities and duties.”<sup>1</sup> Having reviewed KRWA’s application, the Commission finds that the presentations for each of the training meetings will enhance a water district commissioner’s understanding of his or her responsibilities and duties and should be accredited for two credit hours of water district management training per meeting.
