ORDER

On June 1, 2016, Louisville Gas and Electric Company (“LGE”) filed its application with the Commission seeking a Certificate of Public Convenience and Necessity (“CPCN”) to authorize it to bid on a franchise offered by the Louisville/Jefferson County Metro Government (“Louisville Metro Government”) for a natural gas transmission and distribution service. Under the provisions of KRS 278.020(4), no utility may apply for a franchise from any governmental agency until it has obtained a CPCN from this Commission based on our finding that there is a need and demand for the service sought to be rendered.

In light of Louisville Metro Government’s ordinance creating a franchise for natural gas transmission and distribution service, the Commission determines that there is evidence of a need and demand for a natural gas transmission and distribution service in the area subject to the jurisdiction of the Louisville Metro Government. Since the Commission’s authority in such matters is limited by statute to finding only whether there is a need and demand for the service sought to be rendered, no finding or

determination is made as to the qualifications of the bidder, the validity of any of the provisions of the franchise offered by the Louisville Metro Government, or the manner in which any franchise fee is to be treated for rate purposes.

IT IS THEREFORE ORDERED that:

1. LGE is granted a CPCN that authorizes it to bid on a franchise offered by Louisville Metro Government for natural gas transmission and distribution service.

2. If LGE is not the successful bidder, LGE shall, within ten days of the award of the franchise at issue, file with the Commission a written notice stating that LGE was not the successful bidder.

3. If LGE is the successful bidder, LGE shall, within ten days of the award of the franchise at issue, file with the Commission a copy of the executed franchise agreement and a statement disclosing the amount of the initial franchise fee.

4. If LGE is the successful bidder, LGE shall, within ten days of an increase or decrease in the amount of the initial franchise fee set forth in the franchise agreement, file with the Commission documentation setting forth the revised fee.

5. Any documents filed pursuant to ordering paragraphs 2, 3, or 4 of this Order shall reference the number of this case and shall be electronically submitted via the Commission's electronic Tariff Filing System.

6. This Order shall not be construed as granting a CPCN to construct utility facilities within the area subject to the jurisdiction of Louisville Metro Government.

By the Commission
