CASE NO. 2016-00317

MOTION FOR USE OF ELECTRONIC FILING PROCEDURES

Pursuant to 807 KAR 5:001, Section 8, Louisville Gas and Electric Company (“LG&E”) moves that the Public Service Commission (“the Commission”) require the use of electronic filing procedures in this proceeding. In support of its motion, LG&E states:

1. The Commission’s Rules of Procedure permits an applicant to elect the use of electronic filing procedures in a proceeding. 807 KAR 5:001, Section 8. While those Rules suggest a preference for an applicant to make its election prior to the submission of its initial papers initiating a proceeding, those Rules do not prohibit an applicant from requesting the use of electronic filing procedures after the proceeding has been initiated.

2. Because of the importance of the issues presented in LG&E’s Application to Louisville Metro, the residents of Louisville Metro, and LG&E’s customers, LG&E chose to apply for declaratory order in paper medium rather than delay the filing to obtain the designation of this proceeding as an electronic filing proceeding.

3. Requiring the use of electronic filing procedures at this early stage in the proceedings will not prejudice any potential party, the public or the Commission. It will reduce the cost of these proceedings to all potential parties by reducing the number of copies of any paper that must be produced in paper medium, ensure a more rapid and timely distribution of papers to potential parties and the Commission, and allow for greater transparency and public awareness by enabling the papers’ immediate posting to the Commission’s website.

4. LG&E and its authorized representatives have registered with the Commission's E-Filing System and are authorized to make electronic filings with the Commission.

5. LG&E and its authorized agents possess the facilities to receive electronic mail transmissions.

6. LG&E's authorized representatives and their e-mail addresses for electronic delivery of notices of filing of documents are set forth in Paragraph 4 of its Application.

7. LG&E and its authorized representatives have read and understand the procedures for electronic filing set forth in 807 KAR 5:001 and will fully comply with those procedures and any modifications to those procedures that the Commission may direct.

WHEREFORE, LG&E moves that the Commission designate this proceeding as an electronic filing proceeding and direct that henceforth the electronic filing procedures set forth in 807 KAR 5:001, Section 8 be used by all parties in this proceeding.

Dated: September 1, 2016

Respectfully submitted,
