ORDER

By Order entered on February 16, 2017, the Commission deemed filed a formal complaint by Glenn R. Spencer against Clark Energy Cooperative, Inc., ("Clark Energy") and directed Clark Energy to satisfy the matters complained of or file a written answer. Clark Energy filed its answer on February 27, 2017, denying Mr. Spencer's claim that the electric service to the Big Oak Nursery has been improperly billed under a commercial rate. Clark Energy asserts that since Mr. Spencer's nursery is incorporated as a for-profit Kentucky corporation, the account has been properly billed under a non-residential service tariff and that his request to be billed under a residential tariff and for a retroactive refund should be denied.

Based on a review of the complaint and Clark Energy's answer, the Commission finds that Mr. Spencer should be afforded an opportunity to file a response to Clark Energy's answer and any additional information that he may have in support of his complaint.

IT IS THEREFORE ORDERED that Mr. Spencer shall have 14 days from the date of this Order to file a response to Clark Energy's answer and any additional information that he may have in support of his complaint.

By the Commission
