ORDER

Kentucky Rural Water Association (“KRWA”) has applied for accreditation and approval of its training session on Thursday and Friday, June 1 and 2, 2017, at the Oldham County Water District office in La Grange, Kentucky. These sessions will offer attendees a total of 12 credit hours and will provide useful information to water district commissioners to help them better perform in their roles as utility professionals and to enhance operations at their facilities.

This Commission is required to “encourage and promote the offering of high quality water district management training programs that enhance a water district commissioner’s understanding of his or her responsibilities and duties.”¹ Having reviewed KRWA’s application, the Commission finds that the presentations at these training sessions will enhance a water district commissioner’s understanding of his or her responsibilities and duties and should be accredited for 12 credit hours of water district management training.

IT IS THEREFORE ORDERED that:

1. The sessions on Thursday June 1, 2017, offering up to seven hours of training, and on Friday, June 2, 2017, offering up to five hours of training, are accredited and approved for water district management training.

2. KRWA shall retain a record of all water district commissioners attending the accredited and approved presentations.
