Mr. John S. Lyons  
Acting Executive Director  
Public Service Commission  
211 Sower Blvd  
Frankfort, KY 40601

**RE: Response to Commission's Request  
PSC Case No. 2017-120**

Mr. Lyons,

As requested in your letter dated August 11, 2017, enclosed please find responses to your request for information:

1. Yes, the map attached in your letter is the same as I referenced in my testimony
2. We have been testing this line for transportation and have been successful at moving our gas through Basil Pollitt's pipeline. As of now, we have no set terms as to duration or price, and no written contract. Our intention would be to continue to transport gas through Basil Pollitt's pipeline, assuming, once fully tested, we can agree to reasonable terms in a transportation agreement.

Sincerely,

**Southern Kentucky Energy, LLC**

Mr. Jason Sharp
