Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Mountain District shall make timely amendment to any prior response if it obtains information that indicates the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Mountain District

fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

When filing a paper containing personal information, Mountain District shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

b. Provide the number of residents with failing wells or septic systems but do not have adequate funds to pay the entire amount of the connection fee when immediate service is necessary.

c. Provide the number of residents who are out of compliance with Pike County Health Department waste disposal requirements due to failing septic systems or straight pipes.

b. State whether any customers have expressed an interest in an installment plan similar to the one proposed in this case, and, if so, provide the number of customers who requested the proposed type of installment plan.

3. Refer to the response to Staff's First Request, Item 7.

a. Mountain District states that if a customer defaults on the proposed installment plan then service to that customer is disconnected until the installment plan is current. Provide Mountain District's policy for disconnecting a sewer customer from the system when in default of the installment payment plan.
