T. & B. PLUMBING, LLC)	
)	
_____)	CASE NO.
)	2021-00274
ALLEGED VIOLATION OF UNDERGROUND)	
FACILITY DAMAGE PREVENTION ACT)	

OPENING ORDER

T. & B. Plumbing, LLC (T. & B. Plumbing) has been named as a party to an investigation before the Kentucky Public Service Commission (Commission) for allegedly violating the Kentucky Underground Facility Damage Prevention Act (Act).¹

Pursuant to KRS 278.495(2), the Commission has jurisdiction to regulate the safety of natural gas facilities in Kentucky and to enforce minimum federal pipeline safety standards. Under the Act, the Commission has authority to investigate and assess civil penalties for any violation of the Act that results in excavation damage to an underground facility used to transport natural gas or hazardous liquid subject to federal pipeline safety laws, 49 U.S.C. § 60101, *et seq.* Any person who violates any provision of the Act is subject to assessment of a civil penalty in the amount of \$250 for the first offense, no more than \$1,000 for the second offense within one year, and no more than \$3,000 for the third and any subsequent offense. Additionally, any person whose violation of the Act results in damage to an underground facility containing any flammable, toxic, corrosive,

¹ KRS 367.4901 through KRS 367.4917.

or hazardous material or results in the release of any flammable, toxic, corrosive, or hazardous material is subject to an additional penalty of up to \$1,000.

Following receipt of a report of excavation damage to its underground gas pipeline from an operator, Commission Staff (Staff) conducted an investigation and prepared an Incident Report, a copy of which is attached to this Order as an Appendix. In its Incident Report, Staff cites T. & B. Plumbing for violation of the following provision of the Act:

KRS 367.4911(1)(b) – An excavator may commence work before the two (2) full working days provided for in paragraph (a) of this subsection have elapsed if all affected operators have notified the person that the location of all the affected operators' facilities have been marked or that they have no facilities in the area of the proposed excavation, demolition, or timber harvesting.

Based on its review of the Incident Report and being otherwise sufficiently advised, the Commission finds prima facie evidence that T. & B. Plumbing violated the Underground Facility Damage Prevention Act. The Commission further finds that a formal investigation into the excavation damage incident should be conducted.

IT IS THEREFORE ORDERED that:

1. T. & B. Plumbing shall submit to the Commission, via email sent to PSCED@ky.gov with the case number of this proceeding in the subject line of the message, a written response to the allegations contained in the Staff Incident Report within 20 days of receipt of this Order.

2. **Any partnership, corporation, or business entity (including a limited liability company) must be represented by an attorney licensed to practice law in Kentucky, and such representation includes the filing of papers with and appearances at hearings before the Commission.**

3. The Staff Incident Report 32767 in the Appendix to this Order is made a part of the record in this case.

4. **Please note that notice of a hearing to be held in this matter will be mailed to T. & B. Plumbing once proof of service is received by the Commission. Parties who fail to appear after service will be subject to entry of a default judgment against them.**

This would be the company's second violation. The first violation (32339) was for failure to contact 811 prior to excavating.

Online phone number: 270.338.6031.

March 19, 2021

- Called 270.338.6031, no longer in service.
- Called 270.779.9478, left a v.m.

March 26, 2021

- Spoke w/Mr. Skipworth, he wanted to know if he was allowed to begin digging if there were marks on the ground and it was two hours before his dig ticket was due. I stated that only if he received a positive response from the utility. He will review and get back with me next week.

April 1, 2021

- Mr. Skipworth called back and said that he has no records that would indicate that T & B Plumbing was at fault. I informed him that I did have documentation that T & B was responsible for the violation, and I could either send him a demand letter with a \$2,000 civil penalty or he could request a hearing before the commissioners. He said for me to go ahead and send the letter.
