Introduction

Columbia Gas of Kentucky's ("Columbia's") application requesting approval of its initial Customer Choice Program described an annual report to be filed with the Kentucky Public Service Commission ("Commission"). The initial pilot program began in 2000 and terminated on March 31, 2005. Columbia's new pilot Customer Choice Program became effective on April 1, 2005, and by subsequent Orders, the most recent dated December 31, 2013, was extended through March 31, 2017. This annual report will summarize the existing program and customer complaints.

The participating marketers are a combination of long term participants and new entrants during the past year in Columbia's CHOICE Program. The marketers provide numerous gas supply options. As of March 2015, Choice customers have saved (\$42,114,965). This savings is calculated as the amount paid by customers compared to the amount the customers would have paid if they had not opted to be supplied by a marketer in the first place. This is the grand total from the initial Choice program through March 31, 2015.
