RE: Assistance Agreement by and between Kentucky Infrastructure Authority and  
Bath County Water District, dated as of August 1, 2016

Ladies and Gentlemen:

The undersigned is an attorney at law duly admitted to the practice of law in the  
Commonwealth of Kentucky and is legal counsel to the Bath County Water District, hereinafter referred to as the “Governmental Agency”. I am familiar with the organization and existence of the Governmental Agency and the laws of the Commonwealth applicable thereto. Additionally, I am familiar with the drinking water supply project (the “Project”) with respect to which the Assistance Agreement by and between the Kentucky Infrastructure Authority (“Authority”) and the Governmental Agency is being authorized, executed and delivered.

I have reviewed the form of Assistance Agreement by and between the Authority and the Governmental Agency, the resolution or ordinance of the governing authority authorizing the execution and delivery of said Assistance Agreement.

Based upon my review I am of the opinion that:

1) The Governmental Agency is a duly organized and existing political subdivision or body politic of the Commonwealth of Kentucky validly existing under the Constitution and statutes of the Commonwealth of Kentucky.

2) The Assistance Agreement has been duly executed and delivered by the Governmental Agency and is a valid and binding obligation of the Governmental Agency enforceable in accordance with its terms, except to the extent that the enforceability thereof may be limited by equitable principles and by bankruptcy, reorganization, moratorium, insolvency or similar laws heretofore or hereafter enacted relating to or affecting the enforcement of creditors’ rights or remedies generally.

3) The Governmental Agency has all necessary power and authority (i) to enter into, perform and consummate all transactions contemplated by the Assistance Agreement, and (ii) to execute and deliver the documents and instruments to be executed and delivered by it in connection with the construction of the Project.
4) The Service Charges, as defined in the Assistance Agreement, are in full force and effect and have been duly and lawfully adopted by the Governmental Agency.

5) The execution and delivery of the Assistance Agreement and the performance by the Governmental Agency of its obligations thereunder does not and will not conflict with, violate or constitute a default under any court or administrative order, decree or ruling, or any law, statute, ordinance or regulation, or any agreement, indenture, mortgage, lease, note or other obligation or instrument, binding upon the Governmental Agency, or any of its properties or assets. The Governmental Agency has obtained each and every authorization, consent, permit, approval or license of, or filing or registration with, any court or governmental department, commission, board, bureau, agency or instrumentality, or any specifically granted exemption from any of the foregoing, that is necessary to the valid execution, delivery or performance by the Governmental Agency of the Assistance Agreement and the imposition of the Service Charges.

6) To the best of my knowledge after due inquiry there is no action, suit, proceedings or investigation at law or in equity before any court, public board or body pending or threatened against, affecting or questioning (i) the valid existence of the Governmental Agency, (ii) the right or title of the members and officers of the Governmental Agency to their respective positions, (iii) the authorization, execution, delivery or enforceability of the Assistance Agreement or the application of any monies or security therefor, (iv) the construction of the Project, (v) the validity or enforceability of the Service Charges or (vi) that would have a material adverse impact on the ability of the Governmental Agency to perform its obligations under the Assistance Agreement.

7) None of the proceedings or authority heretofore had or taken by the Governmental Agency for the authorization, execution or delivery of the Assistance Agreement has or have been repealed, rescinded, or revoked.

8) To the best of my knowledge, the Governmental Agency has fully complied with all federal and state labor and procurement laws in connection with the construction of the Project.

9) All proceedings and actions of the Governmental Agency with respect to which the Assistance Agreement is to be delivered were had or taken at meetings properly convened and held in substantial compliance with the applicable provisions of Sections 61.805 to 61.850 of the Kentucky Revised Statutes.

Very truly yours,

Earl Rogers III
Attorney at Law
Re: Assistance Agreement between the Kentucky Infrastructure Authority ("KIA") and Bath County Water District (the "Governmental Agency"), dated as of August 1, 2016

6. Assistance Agreement, or the application of the proceeds thereof or the pledge or application of any monies or security provided therefor, or in any way questioning the due existence or powers of the Governmental Agency, or otherwise wherein an unfavorable decision would have an adverse impact on the transactions authorized in connection with the Assistance Agreement.

7. The authorization and delivery of the Assistance Agreement and the consummation of the transactions contemplated thereby will not constitute an event of default or violation or breach, nor an event which, with the giving of notice or the passage of time or both, would constitute an event of default or violation or breach, under any contract, agreement, instrument, indenture, lease, judicial or administrative order, decree, rule or regulation or other document or law affecting the Governmental Agency or its governing body.

8. All actions taken by the Governmental Agency in connection with the Assistance Agreement and the loan described therein and the Project, as defined in the Assistance Agreement, have been in full compliance with the provisions of the Kentucky Open Meetings Law, KRS 61.805 to 61.850.

The Loan shall bear interest, payable semiannually, at the Loan Rate identified in the Project Specifics, and after the Amortization Commencement Date, in the amounts (based on such Loan Rate) and on the dates set forth in the Schedule of Payments; provided that, should an Event of Default occur, such payments of interest shall be made on the first day of each month during the continuation of such Event of Default.

The Authority shall advance the proceeds of the Loan as Construction of the Project progresses upon the submission by the Governmental Agency of a Requisition for Funds in substantially the same form as Exhibit B hereto. Each disbursement under a Requisition for Funds representing a portion of the principal amount of the Loan shall bear interest at the Loan Rate from the date of the disbursement; and shall be subject to the further requirements set forth in Article IV hereof.

Payments of principal and interest on the Loan shall be made at the principal office of the Authority or the Trustee, as designated by the Authority.

(D) The Governmental Agency shall do all things necessary to acquire all proposed and necessary sites, easements and rights of way necessary or required in respect of the Project and demonstrate its ability to construct the Project in accordance with the plans, design and specifications prepared for the Governmental Agency by the Engineers.

(E) Actual construction and installation incident to the Project shall be performed by the lump-sum (fixed price) contract method, and adequate legal methods of obtaining public, competitive bidding will be employed prior to the awarding of the construction contract for the Project in accordance with Kentucky law.

(F) Unless construction of the Project has already been initiated as of the date of this Assistance Agreement, pursuant to due compliance with state law and applicable regulations, the Project will not be advertised or placed on the market for construction bidding by the Governmental Agency until the final plans, designs and specifications therefor have been approved by such state and federal agencies and authorities as may be legally required, and until written notification of such approvals has been received by the Governmental Agency and furnished to the Cabinet.

(G) Duly authorized representatives of the Cabinet and such other agencies of the Commonwealth and the United States Government as may be charged with responsibility will have reasonable access to the construction work whenever it is in preparation or progress, and the Governmental Agency will assure that the contractor or contractors will provide facilities for such access and inspection.

Provided, however, that in the event construction shall have been initiated as of the date of this Assistance Agreement, this provision may be waived.

(K) All construction contracts will be so prepared that federal participation costs, if any, and state participation costs may be readily segregated from local participation costs, if any, and from each other, and in such manner that all materials and equipment furnished to the Governmental Agency may be readily itemized.

(L) Any change or changes in a construction contract will be promptly submitted to the Cabinet and any state or federal agencies.

(M) The Construction, including the letting of contracts in connection therewith, will conform in all respects to applicable requirements of federal, state and local laws, ordinances, rules and regulations.

(S) The Governmental Agency shall require that each of its contractors and all subcontractors maintain during the life of the construction contract, worker's compensation insurance, public liability insurance, property damage insurance and vehicle liability insurance in amounts and on terms satisfactory to the Authority. Until the Project facilities are completed and accepted by the Governmental Agency, the contractor shall maintain builders risk insurance (fire and extended coverage) on a one hundred percent (100%) basis (completed value form) on the insurable portion of the Project, such insurance to be made payable to the order of the Authority, the Governmental Agency, the prime contractor, and all subcontractors, as their interests may appear.

Requirement") unless (i) the Governmental Agency has requested and obtained a waiver from the United States Environmental Protection Agency pertaining to the Project or (ii) the Authority has otherwise advised the Participant in writing that the American Iron and Steel Requirement is not applicable to the Project.

(X) The Governmental Agency shall comply with all record keeping and reporting requirements under the Federal Act, including any reports required by a Federal agency or the Authority such as performance indicators of program deliverables, information on costs and project progress. The Governmental Agency understands that (i) each contract and subcontract related to the Project is subject to audit by appropriate federal and state entities and (ii) failure to comply with the Federal Act and this Agreement may be a default hereunder that results in a repayment of the Loan in advance of the maturity of the Bonds and/or other remedial actions.

Section 4.2. Additional Conditions to Disbursement Required Under the Federal Agreement. The Governmental Agency, in order to comply with the terms and conditions of the Federal Agreement, further covenants and further agrees to additional conditions to disbursement, as follows:

(C) That all property required for the completion of the Project shall be obtained, by easement, purchase or other means acceptable to the Authority, prior to commencement of construction and that the relocation of any Person resulting therefrom be in accordance with 49 CFR24 for Uniform Relocation Assistance and Real Property Acquisition Act of 1970.

Section 4.3. Disbursements of Loan; Requisition for Funds. The Governmental Agency shall submit to the Authority (or the Trustee acting on behalf of the Authority, if so designated) and the Cabinet a Requisition for Funds prior to the fifth day of each month (or such other designated period as is acceptable to the Authority), in substantially the same form as that attached to this Assistance Agreement as Exhibit B and made a part hereof, accompanied by, to the extent requested by the Authority, the following documentation:

All net proceeds of insurance resulting from claims for such losses shall be paid to the Governmental Agency, and shall be promptly applied as herein provided.

Section 7.11. Eminent Domain. In the event that title to, or the temporary use of, the Project, or any part thereof, shall be taken under the exercise of the power of eminent domain by any governmental body or by any Person acting under governmental authority, there shall be no abatement or reduction in the minimum amounts payable by the Governmental Agency to the Authority pursuant to the terms of this Assistance Agreement, and any and all net proceeds received from any award made in such eminent domain proceedings shall be paid to and held by the Governmental Agency in a separate condemnation award account and shall be applied by the Governmental Agency in either or both of the following ways, as shall be determined by the Governmental Agency in its sole discretion:

(A) The restoration of the improvements located on the Project sites to substantially the same condition as prior to the exercise of said power of eminent domain; or

(B) The acquisition of additional property, if necessary, and the acquisition of additional facilities by construction or otherwise, equivalent to the Project facilities, which property and facilities shall be deemed to be a part of the Project sites and a part of the Project facilities and to be substituted for Project facilities so taken by eminent domain, without the payment of any amount other than herein provided, to the same extent as if such property and facilities were specifically described herein.

Any balance of the net proceeds of the award in such eminent domain proceedings after the carrying out of the mandatory proceedings stipulated in (A) and (B) of this Section 7.11, shall be paid to the Governmental Agency upon delivery to the Authority of a certificate signed by an
authorized officer of the Governmental Agency to the effect that the Governmental Agency has complied with either subparagraph (A) or (B), or both, of this Section, and written approval of such certificate by an authorized officer of the Authority. In no event will the Governmental Agency voluntarily settle or consent to the settlement of any prospective or pending condemnation proceedings with respect to the Project or any part thereof without the written consent of the Authority.

Section 7.12. Flood Insurance. All structures located in flood prone areas shall be covered by flood insurance carried by the Governmental Agency for an amount equal to the total Project cost excluding the cost of land and any uninsurable improvements, or for the maximum limit available under the National Flood Insurance Act of 1968, as amended, whichever is less, for the entire useful life of the Project.
ARTICLE VIII

EVENTS OF DEFAULT AND REMEDIES

Section 8.1. Events of Default Defined. The following will be "Events of Default" under this Assistance Agreement and the term "Event of Default" or "Default" will mean, whenever it is used in this Assistance Agreement, any one or more of the following events:

(A) Failure by the Governmental Agency to pay any payments specified herein at the times specified herein.

(B) Failure by the Governmental Agency to observe or perform any covenant, condition or agreement on its part to be observed or performed, other than as referred to in subsection (A) of this Section, for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied will have been given to the Governmental Agency by the Authority unless the Authority agrees in writing to an extension of such time prior to its expiration; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, the Authority will not unreasonably withhold its consent to an extension of such time if corrective action is instituted by the Governmental Agency within the applicable period and diligently pursued until such failure is corrected.

(C) The dissolution or liquidation of the Governmental Agency, or the voluntary initiation by the Governmental Agency of any proceeding under any federal or state law relating to bankruptcy, insolvency, arrangement, reorganization, readjustment of debt or any other form of debtor relief, or the initiation against the Governmental Agency of any such proceeding which will remain undischarged for sixty (60) days, or the entry by the Governmental Agency into an agreement of composition with creditors or the failure generally by the Governmental Agency to pay its debts as they become due.

(D) A default by the Governmental Agency under the provisions of any agreements relating to its Debt Obligations.

Section 8.2. Remedies on Default. Whenever any Event of Default referred to in Section 8.1 has occurred and is continuing (other than an event of default arising under Section 6.13 of this Assistance Agreement), the Authority may, without any further demand or notice, take one or any combination of the following remedial steps:

(A) Declare all payments due hereunder, as set forth in the Schedule of Payments, to be immediately due and payable.

(B) Exercise all the rights and remedies of the Authority set forth in the Act.

(C) Take whatever action at law or in equity may appear necessary or desirable to enforce its rights under this Assistance Agreement.

(D) Submit a formal referral to the appropriate federal agency, as required by the Federal Agreement.
The sole remedies for an Event of Default under this Assistance Agreement arising by virtue of the failure of the Governmental Agency to comply with the provisions of Section 6.10 hereof shall be those remedies specifically set forth in Section 6.10 hereof.

Section 8.3. Appointment of Receiver. Upon the occurrence of an Event of Default, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Authority under this Assistance Agreement, the Authority shall be entitled, as a matter of right, to the appointment of a receiver or receivers of the System and all receipts therefrom, pending such proceedings, with such power as the court making such appointment shall confer; provided, however, that the Authority may, with or without action under this Section, pursue any available remedy to enforce the payment obligations hereunder, or to remedy any Event of Default.

Section 8.4. No Remedy Exclusive. No remedy herein conferred upon or reserved to the Authority is intended to be exclusive, and every such remedy will be cumulative and will be in addition to every other remedy given hereunder and every remedy now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default will impair any such right or power and any such right and power may be exercised from time to time and as often as may be deemed expedient.

Section 8.5. Consent to Powers of Authority Under Act. The Governmental Agency hereby acknowledges to the Authority its understanding of the provisions of the Act, vesting in the Authority certain powers, rights and privileges in respect of the Project upon the occurrence of an Event of Default, and the Governmental Agency hereby covenants and agrees that if the Authority should in the future have recourse to said rights and powers, the Governmental Agency shall take no action of any nature whatsoever calculated to inhibit, nullify, void, delay or render nugatory such actions of the Authority in the due and prompt implementation of this Assistance Agreement.

Section 8.6. Waivers. In the event that any agreement contained herein should be breached by either party and thereafter waived by the other party, such waiver will be limited to the particular breach so waived and will not be deemed to waive any other breach hereunder.

Section 8.7. Agreement to Pay Attorneys' Fees and Expenses. In the event that either party hereto will default under any of the provisions hereof and the non-defaulting party employs attorneys or incurs other expenses for the enforcement of performance or observance of any obligation or agreement on the part of the defaulting party herein contained, the defaulting party agrees that it will pay on demand therefor to the non-defaulting party the fees of such attorneys and such other expenses so incurred by the non-defaulting party.
ARTICLE IX

Section 9.6. Assignability. OPINION OF COUNSEL

[Letterhead of Counsel to Governmental Agency]

[Date]

Kentucky Infrastructure Authority
1024 Capital Center Drive
Suite 340
Frankfort, Kentucky 40601

RE: Assistance Agreement by and between Kentucky Infrastructure Authority and
Bath County Water District, dated as of August 1, 2016

Ladies and Gentlemen:

The undersigned is an attorney at law duly admitted to the practice of law in the
Commonwealth of Kentucky and is legal counsel to the Bath County Water District, hereinafter
referred to as the "Governmental Agency". I am familiar with the organization and existence of
the Governmental Agency and the laws of the Commonwealth applicable thereto. Additionally I
am familiar with the drinking water supply project (the "Project") with respect to which the
Assistance Agreement by and between the Kentucky Infrastructure Authority ("Authority") and
the Governmental Agency is being authorized, executed and delivered.

I have reviewed the form of Assistance Agreement by and between the Authority and the
Governmental Agency, the resolution or ordinance of the governing authority authorizing the
execution and delivery of said Assistance Agreement.

Based upon my review I am of the opinion that:

1) The Governmental Agency is a duly organized and existing political subdivision
or body politic of the Commonwealth of Kentucky validly existing under the Constitution and
statutes of the Commonwealth of Kentucky.

2) The Assistance Agreement has been duly executed and delivered by the
Governmental Agency and is a valid and binding obligation of the Governmental Agency
enforceable in accordance with its terms, except to the extent that the enforceability thereof may
be limited by equitable principles and by bankruptcy, reorganization, moratorium, insolvency or
similar laws heretofore or hereafter enacted relating to or affecting the enforcement of creditors'
rights or remedies generally.
3) The Governmental Agency has all necessary power and authority (i) to enter into, perform and consummate all transactions contemplated by the Assistance Agreement, and (ii) to execute and deliver the documents and instruments to be executed and delivered by it in connection with the construction of the Project.

4) The Service Charges, as defined in the Assistance Agreement, are in full force and effect and have been duly and lawfully adopted by the Governmental Agency.

I. BUSINESS (Board Action Required)

A. APPROVAL OF MINUTES
   For: KIA Regular Board Meeting of August 6, 2015

   Ms. Linda Bridwell moved to approve the minutes of the August 6, 2015, regular board meeting. Mr. Jeff Derouen seconded, and the motion carried unanimously.

B. NEW PROJECTS/ACTION ITEMS

1. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED CLEAN WATER REVOLVING FUND LOAN (A16-016) IN THE AMOUNT OF $1,567,885 TO THE HARRISON COUNTY SANITATION DISTRICT, HARRISON COUNTY, KENTUCKY

   Mr. Jory Becker, DOW, and Ms. Jami Johnson, KIA, discussed the Harrison County Sanitation District's project. The Harrison County Sanitation District requested a Fund “A” loan in the amount of $1,567,885 for the Northside Sewer Extension and Cedarbrook Replacement Project.

   This project has two components: The Northside component will eliminate two existing package treatment plants (PTP) and will provide sewer service to the Northside Elementary School and the Northside Mobile Home Park. A new collection system consisting of 2,800 LF of 8-inch gravity sewer will also be constructed to replace the existing system at the Northside Mobile Home Park. All flows will be pumped south along US 27 to Cynthiana for treatment through approximately 16,000 LF of 3 and 4-inch force main. The Cedarbrook component will consist of replacing the existing collection and treatment system at the Cedarbrook Subdivision located along US 27 south of Cynthiana near the Harrison/Bourbon border. Approximately 3,600 LF of gravity sewer will be replaced and a new 25,000 gallon per day PTP will be installed to serve the existing subdivision customers.

   KIA Executive Director John Covington discussed the situation with the abandonment of the package plant. Harrison County Sanitation has stepped up to take over the
operation of the facility. He mentioned that there could be other local governments in similar situations in the near future. KIA Staff Assistant Adam Scott has been asked to compile a list of others.

Ms. Linda Bridwell asked if the Board would be given periodic updates on the progress of this project.

*Mr. Jeff Derouen recused himself from voting. Ms. Linda Bridwell moved to approve the Fund A loan (A16-016) in the amount of $1,567,885 to the Harrison County Sanitation District with standard conditions, along with the additional special condition: The district will take ownership of the Cedarbrooke package treatment plant, the district will enter into an agreement with the Harrison County Water Association to disconnect services to non-paying customers and the district will conduct a rate analysis to determine a cost-based rate for all customers. If the cost-based rates are too high for the consumers in the district to meet the loan payment conditions and terms then KIA will decrease the loan amount to an amount that the district can meet the loan conditions and terms. Ms. Lona Brewer seconded and the motion was unanimously approved.*

2. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED CLEAN WATER REVOLVING FUND LOAN (A16-036) IN THE AMOUNT OF $1,000,000 TO THE CITY OF ELKHORN CITY, PIKE COUNTY, KENTUCKY

Mr. Jory Becker, DOW, and Ms. Jami Johnson, KIA, discussed the City of Elkhorn City's request for a Fund "A" loan in the amount of $1,000,000 for their Wastewater Treatment Plant Project. This project will replace their 150,000 gallon a day plant with a 385,000 Sequencing Batch Reactor (SBR) plant. The city will use existing buildings and equipment at the site in order to reduce the overall cost of the project. Also, this loan will restructure the City's existing KIA loan in the amount of $440,000 that is scheduled to mature in 2019. The City has been making monthly payments towards the KIA loan, however, they have not been able to meet the annual debt service payments and have fallen increasingly behind. The City is under consent decree with the Environmental Protection Agency.

*Mr. Paul Lashbrooke moved to approve the Fund A loan (A16-036) in the amount of $1,000,000 to the City of Elkhorn City with the standard conditions along with the following special conditions: The sewer rate ordinance will be amended to be effective no later than July 1, 2017 to increase rates sufficient enough to generate an additional $31,200 annually. At least fifty percent of the increase must be effective by July 1, 2017 with the remainder being effective July 1, 2018. Ms. Lona Brewer seconded and the motion was unanimously approved.*

3. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AN AMMENDEMENT
TO THE CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND LOAN (B14-006) INCREASING THE AMOUNT TO $300,000 TO THE CITY OF LEBANON JUNCTION, BULLITT COUNTY, KENTUCKY

Ms. Jami Johnson, KIA, discussed the City of Lebanon Junction’s request for an increase of $100,000 to an existing $200,000 Fund “B” loan for the Truck Stop Lift Station Replacement project. The increase will replace the existing effluent line that came apart in four places during flood conditions. The original project description is below:

The project will install a new lift station to replace one that has been corroded from sewer gases and has compromised structural integrity. The new wet well will also be sized to accommodate future flow. A failure would affect the largest sewer user, which is approximately 6% of revenues.

The City of Lebanon Junction provides water services to 933 households within Bullitt and Nelson Counties. Finished water is purchased from Louisville Water Company to directly service a population of 2,191 residents at an annual volume of 83.35 million gallons (MG).

Ms. Linda Bridwell moved to increase the Fund B loan (B14-006) to the amount of $300,000 to the City of Lebanon Junction with the standard conditions. Mr. Ron Lovan seconded and the motion was unanimously approve.

4. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR AN INFRASTRUCTURE REVOLVING FUND LOAN (B16-005) OF $400,000 TO THE CITY OF MARTIN, FLOYD COUNTY, KENTUCKY

Ms. Jami Johnson, KIA, discussed the City of Martin’s request for a Fund “B” loan in the amount of $400,000 for the Miscellaneous Sewer Improvements Project. The Fund B loan will be used to restructure an old SRF Fund ‘A’ loan with the balance of approximately $120,380 which has passed maturity. The remaining balance of the loan will be directed at miscellaneous sewer improvements. The miscellaneous improvements include a comminutor at the wastewater treatment plant, TV inspection of the collection system, and eliminating inflow and infiltration in the system. The system also plans to construct a storm water line to divert runoff from an upstream watershed and rehabilitate manholes.

KIA Executive Director John Covington updated the group on the City of Martin. KIA staff met with the City of Martin regarding their outstanding loan and habitually being late on their payments. A new Mayor has been elected and has assumed responsibility to ensure payments are made in a timely manner. The City of Martin has been paying on time and including additional funds as well.
Ms. Linda Bridwell moved to approve the Fund B loan (B16-005) in the amount of $400,000 to the City of Martin with the standard conditions. Ms. Sandy Williams seconded and the motion was unanimously approve.

5. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AMENDMENT OF THE CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED DRINKING WATER REVOLVING FUND LOAN (F13-013) INCREASING THE AMOUNT TO $6,249,165 TO THE CITY OF WILLIAMSTOWN, GRANT COUNTY, KENTUCKY

Mr. Jory Becker, DOW, and Ms. Jami Johnson, KIA, discussed the City of Williamstown request for a Fund “F” loan increase in the amount of $2,249,165 for Phase II (b) of the two-phase Water Systems Improvements project.

Phase I for $2,000,000 was funded by KIA on June 19, 2013. The project presented in May 2014 anticipated a $2,000,000 bond finance and $1,750,000 of EDA Grant. The project has since been adjusted to remove the bond funding and $250,000 of EDA Grant and replaced with additional KIA Funding. The City is in the process of obtaining funding commitments for the entire project. The estimated total project cost is $17.25 million. Separation of the project into two phases permitted the City to access KIA funding for Phase I without waiting to obtain financial commitments for the entire project. While Phase I is not dependent upon completion of Phase II for its success, the combined project is presented throughout the credit analysis.

The entire project addresses capacity and water quality needs by construction of a new 4.0 million gallon per day (MGD) water treatment plant (WTP), improvements to the raw water intake and pumping station, and a new 14-inch raw water main. The WTP components will include, chemical storage and feed facilities, high rate clarification using dissolved air flotation (DAF), mixed media filtration, process enhancements using granular activated carbon (GAC) post-filter contactors for trace organic compound reduction as well as taste and odor reduction, clearwell storage for finished water and high service and backwash pumping facilities. The process enhancements will allow the City to comply with Stage 2 of the Disinfection By-Products Rule. Also, the current treatment process is unable to successfully eliminate methylisoborneol (MIB) and geosmin which contribute to periodic taste and odor issues that result from the seasonal turnover of Lake Williamstown.

The first phase (approved June 19, 2013) includes planning and design for the entire project along with construction of two new sludge lagoons. The lagoons will address immediate needs related to the City’s WTP solids handling and dewatering system which was found to be deficient during a July 2012 sanitary inspection by the Kentucky Division of Water (DOW). Subsequently, the DOW issued a Notice of Violation and notified the City that immediate action was required to address the problem. The City currently pumps out the existing holding tank and has the sludge hauled to the landfill. This approach is temporary and very costly. The City is constructing the new lagoons to handle the WTP backwash solids. The most cost effective approach to the problem is to construct two new sludge lagoons at the new WTP site and temporarily pump
solids from the existing WTP to these lagoons. When the new WTP is complete, the 67 backwash solids will then gravity flow to the lagoons.

The second phase is for construction of the remainder of the project. The existing plant has a capacity of 2.25 MGD and was constructed in 1964 with water being sourced from Lake Williamstown. Production averages 1.4 MGD with peaks of 2.0 MGD.

The City directly serves 1,800 customers and indirectly serves an additional 3,400 customers by providing wholesale water to the City of Dry Ridge, and the Bullock-Pen Water and Corinth Water Districts, both of which are regulated by the Kentucky Public Service Commission. The City is the sole supplier for Dry Ridge and Corinth.

Mr. Ron Lovan moved to increase the Fund F loan (F13-003) in the amount of $6,249,165 to the City of Williamstown with the standard conditions. Mr. Jeff Derouen seconded and the motion was unanimously approve.

6. A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED DRINKING WATER REVOLVING FUND LOAN (F16-011) OF $925,470 TO BATH COUNTY WATER DISTRICT, BATH COUNTY, KENTUCKY

Mr. Jory Becker, DOW, and Ms. Sarah Aitken, KIA, discussed Bath County Water District’s request for a Fund “F” loan in the amount of $925,470 for the Scattered Site System Improvements 2015 project. The project will replace approximately 22,000 linear feet (LF) of 6 inch waterline due to significant water loss as result of multiple waterline breaks. In addition, approximately 8,250 LF of existing undersized waterline will be replaced with 6 inch PVC waterline. Lastly, this project will include rehabilitation of three pump stations within the District’s distribution system and include construction of a new structure that will replace one of the three pump station buildings.

The District provides services for Bath, Bourbon, Menifee, Montgomery, Nicholas, and Rowan counties. The District purchases water from Morehead Utility Plant Board, Mount Sterling Water and Sewer System, Owingsville Water and Sewer, and Frenchburg Water and Sewer. Bath County Water District is treated by Morehead Utility Plant Board and Mount Sterling Water and Sewer. The District supplies water to Owingsville Water and Sewer, Sharpsburg Water District, and Frenchburg Water and Sewer.

Mr. Jeff Derouen recused himself from voting. Ms. Paul Lashbrooke moved to approve the Fund F loan (F16-011) in the amount of $925,470 to the Bath County Water District with the standard conditions. Mr. Ron Lovan seconded and the motion was unanimously approved.
7. A RESOLUTION OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE AUTHORITY TO SUCH GOVERNMENTAL AGENCIES

This is a routine resolution allowing KIA to reimburse expenses that are paid out of the Authority's funds with bond proceeds. The projects listed below are covered under this resolution:

II. EXECUTIVE DIRECTOR'S REPORT

Kentucky Infrastructure Authority Executive Director John Covington again mentioned the storm cloud on the horizon for other entities like Harrison County. KIA staff is looking for funding to assist should additional need arise. Ideas will be brought to the Board as needed.

At the August KIA Board meeting, the Call for Projects was discussed. Staff has re-canvased the ADDs and contacted some borrowers. An additional $4,000,000 has been found for Clean Water loans. The requests are significantly below the available funds. Drinking Water projects are being evaluated. We have several projects on the priority list. Staff will begin working that list before invitations will be sent. Once we have commitments in loans, we will look at transferring funds from Clean Water to Drinking Water to cover those loans.

In closing, Mr. Covington thanked the Board for the opportunity to serve as The Authority's Executive Director for the past 7 years. He has enjoyed meeting and working with local communities' officials, other state agencies as well as national
representatives. KIA has many accomplishments that would not have been possible without the Board's support and guidance.

Commissioner Wilder presented Mr. Covington with a letter from Governor Beshear as well as a Resolution for dedicated service passed by the KIA Board of Directors.

Ms. Linda Bridwell thanked Mr. Covington for his years of service and applauded him for the accomplishments of KIA under his direction.

KENTUCKY INFRASTRUCTURE AUTHORITY
FEDERALLY ASSISTED DRINKING WATER REVOLVING LOAN FUND
CONDITIONAL COMMITMENT LETTER (F16-011)

Dear Chairman Crouch:

The Kentucky Infrastructure Authority ("the Authority") commends your efforts to improve public service facilities in your community. On September 3, 2015, the Authority approved your loan for the Scattered Site System Improvements 2015 project, subject to the conditions stated below. The total cost of the project shall not exceed $925,470 of which the Authority loan is the sole source of the funding. The final loan amount will be equal to the Authority’s portion of estimated project cost applied to the actual project cost. Attachment A incorporated herein by reference fully describes the project.

An Assistance Agreement will be executed between the Authority and the Bath County Water District upon satisfactory performance of the conditions set forth in this letter. You must meet the conditions set forth in this letter and enter into an Assistance Agreement by September 3, 2016 (twelve months from the date of this letter). A one-time extension of up to six months may be granted for applicants that experience extenuating circumstances. Funds will be available for disbursement only after execution of the Assistance Agreement.

The Assistance Agreement and this commitment shall be subject, but not limited to, the following terms:

1. The Authority project loan shall not exceed $925,470.
2. The loan shall contain principal forgiveness in the amount of 25 percent, but not to exceed $231,368. Amortized loan and forgiveness amounts will be based on actual project costs drawn from the Authority.

3. The loan shall bear interest at the rate of 0.75 percent per annum commencing with the first draw of funds.

4. Interest shall be payable on the unforgiven amount of actual funds received. The first payment shall be due on June 1, or December 1, immediately succeeding the date of the initial draw of funds, provided that if such June 1, or December 1, shall be less than three months since the date of the initial draw of funds, then the first interest payment date shall be the June 1, or December 1, which is at least six months from the date of the initial draw of funds. Interest payments will be due each six months thereafter until the loan is repaid.

5. Full principal payments will commence on the appropriate June 1, or December 1, within twelve months from initiation of operation. Full payments will be due each six months thereafter until the loan is repaid.

6. The loan shall be repaid over a period not to exceed 20 years from the date of initiation of operation for the project.

7. A loan servicing fee of 0.25% of the annual outstanding loan balance shall be payable to the Authority as a part of each interest payment.

8. Loan funds will only be disbursed after execution of the Assistance Agreement as project costs are incurred.

9. The Authority loan funds must be expended within six months of the official date of initiation of operation.

10. Fund "F" loan funds may be considered to be federal funds. OMB Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations, requires that all recipients and subrecipients expending $500,000 or more in a year in federal awards must have a single or program-specific audit conducted for that year in accordance with the Circular. If the federal amount expended plus all other federal funds expended exceeds the threshold, you are required to arrange for an A-133 audit to be performed by an independent, licensed CPA, or in special cases, the Auditor of Public Accounts of the Commonwealth of Kentucky. Please note that the guidance for single audit requirements changed for
calendar or fiscal years beginning after December 26, 2014. Please consult with your independent auditor as soon as possible to understand how the changes will affect you.

11. The Authority requires an annual financial audit be provided for the life of the loan.

12. The final Assistance Agreement must be approved by ordinance or resolution, as applicable, of the city council or appropriate governing board.

The following is a list of the standard conditions to be satisfied prior to execution of the Assistance Agreement or incorporated in the Assistance Agreement. Any required documentation must be submitted to the party designated.

1. The Authority to Award (bid) package must be submitted to the Division of Water for approval within 14 days of bid opening.

2. The Assistance Agreement must be executed within six (6) months from bid opening.

3. Documentation of final funding commitments from all parties other than the Authority as reflected in the credit analysis shall be provided prior to preparation of the Assistance Agreement and disbursement of the loan monies. Rejections of any anticipated project funding shall be immediately reported and may cause this loan to be subject to further consideration.

4. The loan must undergo review by the Capital Projects and Bond Oversight Committee of the Kentucky Legislature prior to the State's execution of the Assistance Agreement. The committee meets monthly on the third Tuesday. Any special conditions listed in Attachment A must be satisfied before the project is presented before the Committee.

5. Any required adjustment in utility service rates shall be adopted by ordinance, municipal order or resolution by the appropriate governing body of the Borrower. Public hearings as required by law shall be held prior to the adoption of the service rate ordinance, order, or resolution. Any required approvals by the Kentucky Public Service Commission shall be obtained.

6. The Borrower must complete and return the attached "Authorization for Electronic Deposit of Vendor Payment" form to the Authority.
7. Documentation of Clearinghouse Endorsement and Clearinghouse Comments.

8. Prior to project bid, an environmental review shall be conducted by the Division of Water for all construction projects receiving DWSRF funds.

9. Technical plans and specifications and a complete DWSRF specifications checklist shall be approved by the Division of Water prior to project bid.

10. All easements or purchases of land shall be completed prior to commencement of construction. Clear Site Certification of all land or easement acquisitions shall be provided to the Division of Water. DOW representatives shall be notified for attendance of the pre-construction conference.

11. Project changes or additions deviating from the original scope of work described in the Project Profile may require a new or amended environmental review and change order review before they can be included in the DWSRF loan project.

12. Applicant must provide certification from their legal counsel stating that they have prepared construction specifications in accordance with all applicable state or federal wage rate laws, and that the procurement procedures, including those for construction, land, equipment and professional services that are a part of the project, are in compliance with applicable federal, state and local procurement laws.

13. Implement the Kentucky Uniform System of Accounting (KUSoA), or an alternative approved by the Authority and assure that rates and charges for services are based upon the cost of providing such service.

14. The Borrower shall comply with all Davis Bacon related monitoring and reporting and require all contractors to pay wages pursuant to applicable prevailing wage rates (federal or state) for all work relating to the subject Project.

15. The project shall comply with the reporting requirements of the Transparency Act, and shall complete the attached Transparency Act Reporting Information Form and provide to the Authority no later than 30 days after the KIA Board approval date of your loan.

16. If the project has a "Green Reserve" component, the Borrower must

submit a Business Case, if required.

17. Based on the final “as-bid” project budget, the Borrower must provide satisfactory proof, based on then existing conditions, that the revenue projections in the attached descriptions are still obtainable and that the projections of operating expenses have not materially changed. The “as bid” project budget shall be reviewed and approved by the consulting engineer.
