Sulfur Content: For each one-tenth percent (0.1%) sulfur content that exceeds the Guaranteed Monthly Weighted Average sulfur dioxide #SO2 specification of this purchase order, Thirty Cents (\$.30) per ton will be deducted from the billing price. A pro rata adjustment shall be made for any fractional portion of such one tenth (0.1%) excess in sulfur content.

Heat Content: All coal delivered by Seller shall be adjusted on a cents per million Btu basis based upon the monthly weighted average actual Btu/lb content of coal delivered. If the Btu content is below 11,000 Btu/lb., an additional Twenty-Five Cents (\$.25) per ton per 100 Btu/lb. will be deducted from the billing price. A pro rata adjustment shall be
