INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Western Lewis-Rectorville Water & Gas District
Maysville, KY 41056

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Western Lewis-Rectorville Water & Gas District of Maysville, Kentucky, (the "District"), as of and for the years ended December 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Western Lewis-Rectorville Water & Gas District of Maysville, Kentucky, as of December 31, 2015 and 2014 and the changes in financial position and cash flows, thereon for the years ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Management has omitted a Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it be an essential part of financial reporting for placing the basic financial statements in an appropriate operational , economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Western Lewis-Rectorville Water & Gas District's basic financial statements. The accompanying supplemental information on pages 15 and 16 are presented for purposes of additional analysis and is not required part of the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 8, 2016, on our consideration of Western Lewis-Rectorville Water & Gas District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

WESTERN LEWIS-RECTORVILLE WATER & GAS DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 1 – Summary of Significant Accounting Policies

Nature of Operations

The Western Lewis-Rectorville Water & Gas District (the District), was incorporated as a public body in 1961 under Chapter 74 of Kentucky Revised Statutes. The Kentucky Public Service Commission presently regulates the District. A description of the District's significant accounting policies follows:

Reporting Entity

The District, for financial purposes, includes all of the funds relevant to the operations of the District. The financial statements presented herein do not include agencies which have been formed under applicable state laws or separate and distinct units of government apart from the Western Lewis-Rectorville Water & Gas District.

The financial statements of the District would include those of separately administered organizations that are controlled by or dependent on the District. Control or dependence is determined on the basis of financial interdependency, selection of government authority, designation of management, ability to significantly influence operations, accountability of fiscal matters, scope of public service and financing relations. The entities included in the financial statements are the general operations of the District.

Based on the foregoing criteria there are no other organizations included in these financial statements.

Enterprise Funds

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprise where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The accounting and financial reporting treatment applied to the District is determined by its measurement focus. The financial statements of the District are prepared using the economic resources measurement focus for the proprietary fund financial statements. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. With the measurement focus, all assets and all liabilities associated with the operations are included on the balance sheet.

WESTERN LEWIS-RECTORVILLE WATER & GAS DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 1 – Summary of Significant Accounting Policies (Continued)

Basic of Accounting

The accounts of the District are maintained on the accrual basis of accounting. The District's financial statements include the operation of all entities for which the District exercises oversight responsibility. Oversight responsibility includes, but is not limited to financial interdependency, selection of the governing authority, designation management, ability to significantly influence operations, and accountability for fiscal matters.

Inventory

Inventory is valued at the lower of cost or market.

Fixed Assets

Fixed assets purchased are capitalized at the time of purchase. Such assets are recorded at cost. Depreciation is applied on the straight-line method over estimated useful life of the asset, using rates determined by reference to Utility Standards Rates (NARUC). The District's capitalization policy is to capitalize expenditures costing \$5,000 or more with an estimated useful life of one year or more.

Unbilled Revenue

The District records revenue as billed to its customers on a monthly meter reading cycle. At the end of each year, water service that has been rendered from the latest date of each meter reading to the year-end is unbilled.

Power Costs

The cost of power purchases for pumping water is charged to expenses as used.

Income Tax Status

The District is a political subdivision created under Kentucky Revised Statutes 76.020, and as such, is exempt from federal and state income taxes. Accordingly, the financial statements include no provision for income taxes.

Cash Flows

For purposes of the statement of cash flows, the District uses the direct method of reporting net cash flow from operating activities, and considers certificates of deposit with a maturity of six months or less to be cash equivalents.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the revenues and expenditures during the reporting period. Actual results could differ from estimated amounts.

WESTERN LEWIS-RECTORVILLE WATER & GAS DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 1 – Summary of Significant Accounting Policies (Continued)

Net Position

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position are reported as restricted when there are legal limitations imposed on their use either through the enabling legislation adopted by the District or through external restriction imposed by creditors, grantors, laws or regulation of other governments. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

Note 2 - Cash and Investments

The cash balances at December 31, 2015 were comprised of the following:

Working Funds - Checking	\$153,415
Unrestricted Funds - Savings	<u>173,891</u>
	<u>\$327,306</u>

The District is required to maintain special deposit accounts for customer deposits and long-term debt obligations that restrict use of debt amortization and capital improvements as follows:

Customer Deposits	\$85,419
Bond and Interest Sinking Fund	101,980
Depreciation Fund	154,853
Construction Fund	736
	<u>\$342,988</u>

Note 3 - Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's cash and cash equivalents consist of checking and savings accounts with local banks. The District does not have a deposit policy for custodial credit risk. As of December 31, 2015, \$430,724 of the bank balance was exposed to custodial credit risk as follows:

Uninsured and collateral held by pledging bank	\$430,724.

WESTERN LEWIS-RECTORVILLE WATER & GAS DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 6 - Reserves

The Western Lewis-Rectorville Water & Gas District is required to comply with the bond agreement of the 2007, 2001, 1988 and 1996 bond issues as follows:

A. Sinking Fund

On a monthly basis, the district is required to set aside an amount into a special account known as the "Western Lewis-Rectorville Water & Gas District System Bond and Interest Sinking Fund". The amount to be set aside each month shall be sums not less than the following respective amounts:

- (1) A sum equal to one-sixth (1/6) of the interest becoming due on the next succeeding interest due date, with respect to the Bond Issues.
- (2) A sum equal to one-twelfth (1/12) of the principal of all such bonds maturing on the next succeeding January 1.

The required balance of the sinking fund reserve was \$101,980 at December 31, 2015 after payment of the November 1 debt service. Deposits were made to the Sinking fund on a monthly basis as required in (1) and (2).

B. Depreciation Fund

The District is required to deposit \$320 each month into the Depreciation Fund Account as well as the proceed from the sale of any equipment no longer usable or needed, fees or charges collected from potential customers to aid in the financing of the cost of extensions, additions and/or improvements to the project, plus the proceeds of any property damage insurance not immediately used to replace damaged or destroyed property. Monies in the Depreciation Fund shall be available and shall be withdrawn or used, upon appropriate certification to Rural Development, for the purpose of paying the cost of construction replacements, extensions, additions and/or improvements to the project. The District had set aside \$154,853. The required depreciation reserve was \$150,000 and the District had resumed the monthly deposits to meet this requirement.

WESTERN LEWIS-RECTORVILLE WATER & GAS DISTRICT
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 7 – Recently Issued Accounting Pronouncements

GASB Statement 65, implemented during the 2013-14 reporting year, establishes accounting and financial reporting standards that reclassify certain assets and liabilities as deferred outflows of resources or deferred inflows of resources, provides changes in the determination of the major fund calculations and limiting the use of “deferred” in financial statement presentations.

GASB Statement No. 66, *Technical Corrections—2012; an Amendment of GASB Statements No. 10 and No. 62*, effective for periods beginning after December 15, 2012, resolves conflicting accounting and reporting guidance that could diminish consistent financial reporting and enhance the usefulness of financial reports. The District implemented the new requirements for fiscal year 2013-2014 financial statements.

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement 27* improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency. This Statement is effective for fiscal years beginning after June 15, 2014.

Note 8 - Pension Plan

The District is a participating employer of the County Employees' Retirement System (CERS). Under the provisions of Kentucky Revised Statute 61.645, the Board of Trustees of Kentucky Retirement Systems administers the CERS. The plan issues separate financial statements which may be obtained by request from Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, Kentucky 40601.

Plan Description - CERS is a cost-sharing multiple-employer defined benefit pension plan that covers substantially all regular full-time members employed in positions of each participating county, city, and school board, and any additional eligible local agencies electing to participate in the System. The plan provides for retirement, disability, and death benefits to plan members. Retirement benefits may be extended to beneficiaries of plan members under certain circumstances. Cost-of-living (COLA) adjustments are provided at the discretion of state legislature.

Contributions - For the year ended December 31, 2015, plan members were required to contribute 5.00% of wages. Participating employers were required to contribute at an actuarially determined rate. Per Kentucky Revised Statute Section 61.565(3), normal contribution and past service contribution rates shall be determined by the Board on the basis of an annual valuation last proceeding the July 1 of a new biennium. The Board may amend contribution rates as of the first day of July of the second year of a biennium, if it is determined on the basis of a subsequent actuarial valuation that amended contributions rates are necessary to satisfy requirements

WESTERN LEWIS-RECTORVILLE WATER & GAS DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 8 - Pension Plan (Continued)

determined in accordance with actuarial basis adopted by the Board. For the year ended June 30, 2015, participating employers contributed 17.67% for January to June and 17.06% for July through December of each employee's wages, which is equal to the actuarially determined rate set by the Board. Administrative costs of Kentucky Retirement System are financed through employer contributions and investment earnings.

The required contribution (employee and employer) and the actual percentage contributed for the District for the current and previous two years are as follows:

<u>Year</u>	<u>Required Contribution</u>	<u>Percentage Contributed</u>
2015	\$40,278	100%
2014	\$32,532	100%
2013	\$45,792	100%

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions:

At December 31, 2015, the Organization reported a net pension liability of \$244,000 from its participation in the CERS non-hazardous plan. The District does not participate in the CERS hazardous plan. The liabilities were measured at June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Organization's proportion of the net pension liability was based on a projection of the Organization's long-term share of contributions to the pension plans relative to the projected contributions of all participating members, actuarially determined.

For the year ended December 31, 2015, the Organization's reported CERS non-hazardous pension expense of \$17,875. For the year ended December 31, 2015, the District recognized deferred outflows of resources, CERS non-hazardous, \$32,532, and deferred inflows of resources, CERS non-hazardous, \$27,000.

WESTERN LEWIS-RECTORVILLE WATER & GAS DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 9 – Restatement of Net Position

The Organization restated net position for recognition of GASB 68 as follows:

	<u>December 31, 2014</u>
Previously reported net position	\$ 5,591,019
Adjustment for recognition of GASB 68	<u>(252,000)</u>
Beginning net position, as restated	<u>\$ 5,339,019</u>

Note 10 – Risk Management

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The District carries commercial insurance coverage of risks to the extent deemed prudent by District's management.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners
Western Lewis-Rectorville Water & Gas District
Maysville, KY 41056

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Western Lewis-Rectorville Water & Gas District as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Western Lewis-Rectorville Water & Gas District's basic financial statements, and have issued our report thereon dated April 8, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Western Lewis-Rectorville Water & Gas District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Western Lewis-Rectorville Water & Gas District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Western Lewis-Rectorville Water & Gas District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Dear Sir:

In connection with an examination of our financial statements at December 31, 2014 and for the year then ended, Caudill & Associates, CPA, has requested us to furnish a description and evaluation of any pending contingent liabilities involving matters with respect to which you have been engaged, statutorily or contractually, and to which you have devoted substantive attention on behalf of the Western Lewis Rectorville Water and Gas District in the form of legal consultation or representation. Your response should include matters that existed at December 31, 2014, and during the period from that date to the date of your response.

Your attention is directed to ABA Statement of Policy Regarding Lawyers' Responses to Auditor's Requests for Information (December, 1975) to which you may wish to refer in preparing your response to this request.

Pending or Threatened Litigation

Please furnish the following information:

1. The nature of the litigation;
2. The progress of the case to date;
3. The planned response to the litigation (such as, out-of-court settlement, contest the case vigorously, etc.)
4. An evaluation of the likelihood of an unfavorable outcome and an estimate, if one can be made, of the amount or range of potential loss.

Contractually Assumed Obligations

Please disclose the items representing obligations which have been contractually assumed by the Western Lewis Rectorville Water and Gas District and furnish the following information with regard to such items.

1. The nature of the matter.
2. The planned response to the claim, if asserted.
3. An evaluation of the likelihood of any unfavorable outcome and an estimate, if one can be made, of the amount or range of potential loss.

Unasserted Claims and Assessments

Please list such items which represent unasserted claims and assessments considered probable of assertion, which, if asserted, would have at least a reasonable possibility of an unfavorable outcome with a material effect upon the financial condition of one or more funds of the Western Lewis Rectorville Water and Gas District, and furnish the following information with regard to such items:

1. The nature of the matter.
2. The planned response to the claim, if asserted.
3. An evaluation of the likelihood of an unfavorable outcome and an estimate, if one can be made, of the amount or range of potential loss.

We understand that whenever, in the course of performing legal services for us with respect to a matter recognized to involve an unasserted possible claim or assessment that may call for financial statement disclosure, if you have formed a professional conclusion that we should disclose or consider disclosure concerning such possible claim or assessment, as a matter of professional responsibility to us, you will so advise us and will consult with us concerning the question of such disclosure and the applicable requirements of Statement of Financial Accounting Standards No. 5. Please specifically confirm to our auditors that our understanding is correct.

Please specifically identify the nature of and reasons for any limitations on your response.

Thank you for your cooperation.

Sincerely,

Western Lewis Rectorville Water and Gas District
