#### INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners Southeast Daviess County Water District

#### Report on the Financial Statements

We have audited the accompanying financial statements of Southeast Daviess County Water District (District), a component unit of the Daviess County Fiscal Court, Kentucky, as of and for the years ended December 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of Southeast Daviess County Water District as of December 31, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 16 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted *Management's Discussion and Analysis* that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 28, 2016 on our consideration of Southeast Daviess County Water District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Southeast Daviess County Water District's internal control over financial reporting and compliance.

Olefash & Campay CPAS PSC

#### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Nature of Business

The Southeast Daviess County Water District (District) is a component unit of the Daviess County Fiscal Court, Kentucky and, therefore, is part of the financial reporting entity of the Daviess County Fiscal Court. The District is a water utility which operates in the rural section of Southeast Daviess County, Kentucky, and its sales are primarily to residential customers.

## Proprietary Fund

The District is classified as a proprietary fund type. Proprietary funds are accounted for using the economic resources measurement focus; the accounting objectives are the determination of net income, financial position, and cash flows. All assets and liabilities associated with a proprietary funds' activities are included on its statement of net position.

#### Basis of Accounting

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The District applies all relevant Government Accounting Standards Board (GASB) pronouncements.

The accrual basis of accounting is used for proprietary fund types. The accrual basis of accounting recognizes revenues when earned. Expenses are recorded when incurred.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as needed.

#### Regulation

The District's utility operations are subject to regulation with respect to rates, service, maintenance of accounting records and various other matters by the Commonwealth of Kentucky, Public Service Commission. The District's accounting policies recognize the financial effects of the rate making and accounting practices and policies of the Public Service Commission.

#### Accounts Receivable

The District follows a monthly billing cycle. When meter reading is delayed, estimated bills are rendered based on the average of the three previous bills in order to promote consistency of water revenue.

The District considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts has been established based on a favorable history over a substantial period of time. If an account becomes more than sixty days overdue, it will be charged to operations using the direct write-off method.

#### Management Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

# NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Operating Revenue

Operating revenue is recognized upon completion of monthly meter readings. At the end of each month, water service which has been rendered from the latest meter reading to the end of the month is unbilled.

#### Inventory

Inventory consists of materials and supplies and is stated at lower of cost (determined on the first-in, first-out basis) or market.

#### Water Plant

Water plant is stated at original cost (cost of the property to whoever first devoted it to public service). The cost of labor for additions to the water plant constructed by the District's employees is not capitalized.

#### Capital Assets

Utility plant assets are stated at cost. The cost of current repairs and maintenance is charged to expense, while the cost of replacements or betterments is capitalized.

Depreciation is provided on the basis of the estimated useful lives of assets using the straight-line method. Depreciation expense was \$ 304,219 and \$ 285,051 for the years 2015 and 2014, respectively. Estimated useful lives of major class of the water plant in service are as follows:

Pumping system	10-50 years
Transmission and distribution system	30-70 years
General plant	5-30 years

#### Cash Flows Information

For the purposes of the Statements of Cash Flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Noncash financing activities for 2015 and 2014, representing water lines donated to the District, were \$73,327 and \$64,405 respectively.

2015

2014

Cash at year end consists of:

	-	2015	1	2014
Cash	\$	599,115	\$	317,637
Cash – Meter Setting Fund		190,139		156,499
Cash – Medical Reimbursement Fund		109,835		71,950
	\$_	899,089	\$	546,086

#### NOTE B - CASH DEPOSITS AND INVESTMENTS

#### Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. As of December 31, the District's bank balances were exposed to custodial credit risk as follows:

	2015	2014
Bank balances	\$ 3,635,761	\$ 3,243,454
FDIC insured	(730,213)	(721,036)
Uninsured and covered by collateral	(2,905,122)	(2,522,418)
Uninsured and not covered by collateral	\$ 426	_\$

#### Investments

Investments consist of six certificates of deposit at local banks as of December 31, 2015. The first certificate of deposit has a value of \$560,711. This certificate pays an interest rate of .75% with a maturity date of February 12, 2016. The second certificate of deposit has a value of \$562,391. This certificate pays an interest rate of 1.05% with a maturity date of November 12, 2016. The third certificate of deposit has a value of \$564,920. This certificate pays an interest rate of 1.50% with a maturity date of November 12, 2017. The fourth certificate of deposit has a value of \$567,457. This certificate pays an interest rate of 1.95% with a maturity date of November 12, 2018. The fifth certificate of deposit has a value of \$250,427. This certificate pays an interest rate of .90% with a maturity date of August 13, 2016. The sixth certificate of deposit has a value of \$230,213. This certificate pays an interest rate of 1.00% with a maturity date of September 21, 2016.

Investments consist of six certificates of deposit at local banks as of December 31, 2014. The first certificate of deposit has a value of \$556,525. This certificate pays an interest rate of .75% with a maturity date of February 12, 2016. The second certificate of deposit has a value of \$556,525. This certificate pays an interest rate of 1.05% with a maturity date of November 12, 2016. The third certificate of deposit has a value of \$556,525. This certificate pays an interest rate of 1.50% with a maturity date of November 12, 2017. The fourth certificate of deposit has a value of \$556,525. This certificate pays an interest rate of 1.95% with a maturity date of November 12, 2018. The fifth certificate of deposit has a value of \$248,183. This certificate pays an interest rate of .90% with a maturity date of August 13, 2015. The sixth certificate of deposit has a value of \$222,853. This certificate is a five year step up certificate of deposit with a current and final rate of 4.00% with a maturity date of September 16, 2015. Investments are shown on the Statement of Net Position as:

	2015	2014
Investments	\$ 2,288,038	\$ 2,258,747
Investments – customer deposits	140,745	135,035
Investments - medical reimbursement	307,336	303,354
	\$ 2,736,119	\$ 2,697,136

### NOTE B - CASH DEPOSITS AND INVESTMENTS (continued)

#### Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. Under Kentucky Revised Statutes Section 66.480, the District is authorized to invest in obligations of the United States and its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States or of its agencies, obligations of any corporation of the United State government, certificates of deposit, commercial paper rated in one of the three highest categories by nationally recognized rating agencies and shares in mutual funds. The District's investment policy only allows investment choices that are in compliance with the state statues. All investments held by the District are insured or collateralized with securities held by the District or by its agent in the District's name.

### Concentration of Credit Risk

The District's investment policy places no limit on the amount the District may invest in any one issuer. The District's investments consist of collateralized certificate of deposits at two local banks.

#### **NOTE C - CAPITAL ASSETS**

Total capital assets, net	\$ 7,199,800	\$ 138,993	\$ 98,672	\$ 7,240,121	

#### **NOTE D - PENSION PLAN**

The District has a money purchase pension plan covering substantially all employees. The District's policy is to fund pension cost accrued. The District contributes 11% of the employee's gross salary in accordance with plan schedules. Pension expense was \$ 37,245 for 2015 and \$ 36,592 for 2014. Accrued pension expense as of December 31, 2015 and 2014 was \$ 19,010 and \$ 18,613, respectively.

# NOTE E - RESTRICTED FUNDS

Cash and investments held by fiscal agents or in trusts are classified as restricted funds and liabilities to be paid by the fiscal agents or trusts are classified as liabilities payable from restricted funds.

#### NOTE F - CONTRIBUTIONS IN AID OF CONSTRUCTION

Contributions in aid of construction represent additions to the water plant through extensions of the water distribution system. These additions are funded by individual users through payments made directly to the District or to independent contractors. Contributions to the water distribution system amounted to \$73,327 for 2015 and \$64,405 for 2014.

#### **NOTE G - INCOME TAX STATUS**

The District is exempt from federal and state income taxes and, accordingly, no provision for such taxes has been made.

#### **NOTE H - OPERATING AND ADMINISTRATION EXPENSES**

The District shares office space and personnel with the West Daviess County Water District. Administrative expenses and operating salaries and wages are allocated between the two water districts based upon management's estimated usage. Currently 55% of those expenses are allocated to the District.

#### **NOTE I – LEASING ARRANGEMENTS**

The District conducts its operations from facilities which are constructed upon land leased for a period of ten years commencing March 1, 1982. The lease provides that the lessee shall have the right to extend this lease for additional five-year periods. Unless notice is given to cancel this lease sixty (60) days before the end of the original period or any extension thereof, then such extension shall be automatic.

In the event of one or more extensions, the rental shall be increased during such extensions by an amount equal to 10% of the rent set in the preceding period. The District renewed the option to extend the lease in February, 2012. Rental expense was \$ 5,846 for 2015 and 2014.

The following is a schedule of future minimum rental payments required under the above lease as of December 31, 2015.

Year Ended December 31		Amount	
2016		\$	5,846
2017			487
		\$	6,333

#### NOTE J - SUPPLIER

The District purchases all of its water for resale from the City Utility Commission of the City of Owensboro, Kentucky operating as Owensboro Municipal Utilities (OMU).

#### **NOTE K - NET POSITION**

Net position comprises the various net earnings from operating and non-operating revenues, expenses and contributions of capital. Net position is classified in the following three components: invested in capital assets; restricted; and unrestricted net assets. Invested in capital assets consists of all capital assets, net of accumulated depreciation. Restricted net position consists of net position for which constraints are placed thereon by external parties, such as lenders, grantors, contributors, laws, regulations and enabling legislation, including self-imposed legal mandates. Unrestricted net position consists of all other net assets not included in the above categories.

# NOTE K - NET POSITION (continued)

Included in restricted net position at December 31,

	2015	2014

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners Southeast Daviess County Water District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Southeast Daviess County Water District (District) as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 28, 2016.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Southeast Daviess County Water District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Southeast Daviess County Water District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
