| 10/09/24 | Final Order Entered: 1. The rates proposed by Natural Energy and set forth in the Appendix to this Order are approved for final meter readings on and after October 1, 2024. Although Natural Energy's GCR rate report did not provide 30 days' notice to the Commission as required by its tariff, KRS 278.180(2) authorizes the Commission to make a reduction in rates effective in less than 30 days. 2. Natural Energy shall file with the Commission its subsequent quarterly GCR rate report filings with at least 30 days' notice prior to the beginning of each calendar as established in its Gas Cost Recovery tariff. 3. Natural Energy shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports. 4. Should Natural Energy purchase sustainable natural gas from a renewable source during the reporting period of any future GCR reports then the supplier, cost, and amount shall be documented in its cover letter to the Commission. 5. Within 20 days of the date of service of this Order, Natural Energy shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets setting out the rates approved herein and reflecting that they were approved pursuant to this Order. 6. This case is closed and removed from the Commission's docket. |
