In the Matter of

PRELIMINARY APPLICATION OF FIVE)
PETITIONERS FOR THE CREATION OF)
A WATER DISTRICT IN CRITTENDEN)
COUNTY, KENTUCKY, TO BE KNOWN)
AS THE CRITTENDEN COUNTY WATER)
DISTRICT)

CASE NO. 7641

PREFACE

On October 16, 1979, Mr. George Patmor, as spokesman for the Citizens of Crittenden County, Kentucky, sent a letter and a map to the Secretary of this Commission setting out the location where they desire to form a water district and the number of residents in this area.

This case was set for hearing January 14, 1980. All parties of interest were notified and no protests were entered.

OPINION AND ORDER

After a review of the record and being fully advised, the Commission is of the opinion and finds:

(1) That no existing water supplier can feasibly serve the area sought to be served by the proposed water district.

(2) That it is desirable that this area in some manner be served with pure, potable water.

(3) That the Commission at this time makes no findings as to the feasibility of this project and further reserves this finding until such time as the District has been created by the County Judge/Executive and has progressed to a point where the engineering plans, and specifications are complete and financing assured.

At that time the district should file with this Commission its application for a Certificate of Convenience and Necessity and approval of rates and financing. Then a date and time for a formal hearing will be set.

IT IS THEREFORE ORDERED that the petitioners of Crittenden County are hereby granted approval of this Commission to petition the County Judge/Executive for the establishment of a water district.

Done at Frankfort, Kentucky, this 24th day of January, 1980.
