In the Matter of:

THE NOTICE OF PURCHASED GAS )  
ADJUSTMENT FILING OF ) CASE NO. 7341-H  
BELFRY GAS, INC. )

O R D E R

On July 19, 1979, the Commission issued its Final Order in Case No. 7341 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased.

On January 29, 1981, Columbia Gas Transmission Corporation (Transmission) filed with the Federal Energy Regulatory Commission (FERC) revised tariff sheets to its FERC Gas Tariff, Original Volume No. 1. Columbia has placed an effective date of March 1, 1981, upon the effected tariff sheets. This Commission has no jurisdiction in that case.

On April 6, 1981, the Applicant notified the Commission that its wholesale cost of gas would be increased by its supplier, Transmission, effective March 1, 1981, and submitted with its Notice certain information in compliance with this Commission's Order of July 19, 1979. The Notice set out certain revisions in rates which the Applicant proposed to place in effect on April 23, 1981, said rates being designed to pass on the wholesale purchase price from its supplier in the amount of \$25,777.64.

On November 9, 1978, the President of the United States signed into law the Natural Gas Policy Act of 1978, which established significantly higher rates for producers of certain categories of natural gas. This federal legislation has resulted in higher gas costs to interstate pipeline companies serving the various gas consuming states, including Kentucky. Once the FERC approves the right of these interstate transmission companies to pass this increased cost on to its distribution company customers, state commissions must, in turn, allow intrastate distributors to pass their increased costs on to their customers by adjusting the basic rates.

After reviewing this evidence of record and being advised, the Commission is of the opinion and finds:

1. The Commission has long stated (in writing to FERC) its opposition to the procedures and regulations used by the Federal Energy Regulatory agency in approving these supplier increases. We continue to be opposed and are continuing to seek alternative ways to overcome the regulatory inequities which have such a direct impact on the retail consumers.

2. The Federal Energy Regulatory Commission approval of a wholesale rate increase to a Kentucky gas retailer requires approval by the Commission of rates that will permit the Kentucky utility to adjust its customer charges to reflect the added purchase cost, or alternately the utility must absorb the added cost. We are of the opinion that failure to allow this increase to be passed through to its retail consumers on a timely basis would be unjust to the Company and would ultimately result in higher rates

to their consumers in any event.

3. That the Applicant's supplier, Transmission, has filed with the FERC for increased rates to become effective March 1, 1981.

4. That this increase reflects Transmission's rates as filed with FERC on January 29, 1981, to be effective March 1, 1981.

5. That the Applicant has proposed to place this increase into effect on and after April 23, 1981.

6. That the Applicant's notice of April 6, 1981, failed to provide the twenty (20) days notice as required by Statute and, therefore, the rates should become effective for service rendered on April 26, 1981.

7. That the Commission should allow the Applicant to place into effect, subject to refund, the rates set out in Appendix "A" on and after April 26, 1981.

8. That the Applicant's adjustment in rates under the Purchased Gas Adjustment Clause approved by the Commission in its Order in Case No. 7341 dated July 19, 1979, is fair, just and reasonable, in the public interest and should be effective with gas supplied on and after April 26, 1981.

IT IS THEREFORE ORDERED that said Purchased Gas Adjustment sought by the Applicant and adjusted as aforesaid mentioned be and the same is hereby approved to be effective subject to refund, with gas supplied on and after April 26, 1981, as set out in Appendix "A" attached hereto and made a part hereof.

IT IS FURTHER ORDERED that Belfry Gas, Inc. shall maintain its record in such manner as will enable it, or the Commission, or any of its customers to determine the amount to be refunded and to whom due in the event a refund is ordered by the Commission.

IT IS FURTHER ORDERED that for the purpose of the future application of the Purchased Gas Adjustment Clause of the Applicant the Base Rate for purchased gas shall be:

Commodity:

Columbia Gas Transmission Corporation

Schedule SGS

\$2.8046 per MCF

IT IS FURTHER ORDERED that the information furnished this Commission by Applicant on April 6, 1981, constitutes full compliance with the Commission's Order in Case No. 7341 and any other information ordinarily required to be filed under the Commission's Regulations is hereby waived.

IT IS FURTHER ORDERED that within thirty (30) days after the date the increased cost of gas becomes effective, Applicant shall file with this Commission its revised tariff sheets setting out the rates approved herein.

Done at Frankfort, Kentucky, this 20th day of April, 1981.
