

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS)	
ADJUSTMENT FILING OF WESTERN)	CASE NO. 6996-DD
LEWIS-RECTORVILLE WATER AND)	
GAS DISTRICT		

O R D E R

On June 21, 1978, the Commission issued its Order in Case No. 6996 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates when the wholesale cost of gas is increased or decreased.

On September 27, 1982, Western Lewis-Rectorville Water and Gas District ("Western Lewis") notified the Commission that its wholesale cost of gas would be increased by its supplier, Columbia Gas Transmission Corporation ("Transmission") effective October 1, 1982, and submitted with its notice certain information in compliance with this Commission's Order of June 21, 1978.

Western Lewis' increase from Transmission is another one of those federally-mandated pass-throughs of higher gas prices in which upon the record this Commission has no discretion. Western Lewis will not realize even one cent of profit but simply will turn over to its supplier the increased amount which it must collect from its consumers.

After reviewing the notice filed in this case and being advised, the Commission is of the opinion and finds that:

(1) Western Lewis' notice of September 27, 1982, set out certain revisions in rates which Western Lewis proposed to place into effect, said rates being designed to pass on the wholesale increase in price from its supplier in the amount of \$3,474 or 5.07 cents per Mcf.

(2) The Public Service Commission is being asked to authorize a pass-through of a price increase already approved by the Federal Energy Regulatory Commission ("FERC"). Failure to allow this increase to be passed through to its retail consumers on a timely basis would be unfair and unjust to Western Lewis and would ultimately result in higher rates to its consumers. The Commission has (in writing) indicated its opposition to the procedures and regulations used by FERC since 1975 to approve these supplier increases.

We are also actively presenting our views to FERC and to our Kentucky Congressional delegation concerning revisions to the Natural Gas Policy Act formulas allowing producers to so raise their prices and because of the action of FERC in allowing such increases to pass through to the transmission company and through it to the distributing company, in this case Western Lewis, this Commission has no real authority in the matter. Under federal law and actions, this Commission serves merely as the conduit for the final pass-through of the increased cost of gas to the consumers when, as here, the distributing utility

makes no profit from the increased prices which it must pay for gas purchased from the transmission company.

(3) The proposed rates will allow Western Lewis to recover only the increased cost of wholesale gas and will not permit it to make any profit in doing so. The magnitude of this filing exposes Western Lewis to substantial under-recovery of its gas costs if the rates are not implemented in a timely manner.

(4) Western Lewis' notice of September 27, 1982, does not provide the Commission with the 20-day notice as required by statute; therefore, the proposed rates should become effective on and after October 17, 1982, subject to refund.

(5) Western Lewis' adjustment in rates under the purchased gas adjustment provisions approved by the Commission in its Order in Case No. 6996 dated June 21, 1978, is fair, just and reasonable, in the public interest and should be effective with gas supplied on and after October 17, 1982, subject to refund.

IT IS THEREFORE ORDERED that the purchased gas adjustment sought by Western Lewis be and it hereby is authorized to be effective with gas supplied on and after October 17, 1982, subject to refund.

IT IS FURTHER ORDERED that for the purpose of the future application of the purchased gas adjustment clause of Western Lewis, the base rate for purchased gas shall be:

	<u>Demand</u>	<u>Commodity</u>
Columbia Gas Transmission Corporation	-	\$4.4937
Columbia LNG Corporation	-	\$5.9477*

*Includes Transportation Charge of \$0.3377

IT IS FURTHER ORDERED that within 30 days after the date of this Order, Western Lewis shall file with this Commission its revised tariff sheets setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 18th day of October, 1982.
