In the Matter of:

A PURCHASED GAS ADJUSTMENT)
FILING BY OHIO RIVER GAS) CASE NO. 8041-H
COMPANY, INC.)

ORDER

On May 12, 1981, the Commission entered its Order in Case No. 8041, in which it prescribed new base rates and a purchased gas adjustment clause setting forth the wholesale rates upon which future purchased gas adjustment should be used when the wholesale cost of gas is increased, decreased or refunds are received.

On January 8, 1982, Ohio River Gas Company, Inc. ("Ohio River") notified the Commission that its supplier, Texas Gas Transmission Corporation ("Texas") had filed with the Federal Energy Regulatory Commission ("FERC") increased rates to become effective February 1, 1982.

The rate adjustment proposed herein is based upon Texas Gas' filing with FERC to adjust its rates effective February 1, 1982, to reflect changes in the cost of purchased gas, advance payments and transportation of gas by others.

The estimated annual increase in revenue as a result of

Ohio River's filing of January 8, 1982, is \$34,129 or 42.5 cents per Mcf.

Ohio River, in compliance with its tariff and previous Orders of this Commission, submitted with its notice certain information including verification of the rates and charges of its supplier.

After reviewing this evidence of record and being advised, the Commission is of the opinion and finds that:

(1) Ohio River's supplier, Texas Gas, has filed for increased rates to become effective February 1, 1982.

(2) The application filed January 8, 1981, reflected Texas Gas' rates filed with the FERC on December 22, 1981, to be effective February 1, 1982.

(3) The estimated annual increase in revenue as a result of Ohio River's filing of January 8, 1982, is \$34,129 or 42.5 cents per Mcf.

(4) Ohio River's base supplier rate for purchased gas will be as follows:

	<u>Monthly Demand Charge</u>	<u>Commodity Charge</u>
Texas Gas Transmission Corporation		
Rate G-4	\$3.16	313.85¢

(5) Ohio River's adjustment in rates under the purchased gas adjustment provisions approved by the Commission in its Order in Case No. 8041, dated May 12, 1981, is fair, just, reasonable, in the public interest and should be effective with gas supplied on and after February 1, 1982.

IT IS THEREFORE ORDERED that the purchased gas adjustment sought by Ohio River as in Appendix A, attached hereto and made a

part hereof, be and is hereby approved to be effective with gas supplied on and after February 1, 1982.

IT IS FURTHER ORDERED that for the purpose of the future application of the purchased gas adjustment clause of Ohio River, the base rate for purchased gas shall be:

	<u>Demand</u>	<u>Commodity</u>
Texas Gas Transmission Corporation		
Rates G-4	\$3.16	313.85¢

IT IS FURTHER ORDERED that within 30 days after the date of this Order, Ohio River shall file with this Commission its revised tariff sheets setting out the rates approved herein.

IT IS FURTHER ORDERED that the information furnished this Commission by Ohio River on January 8, 1982, constitutes full compliance with the Commission's requirements in Case No. 8041, and any other information ordinarily required to be filed under the Commission's regulations is here waived.

Done at Frankfort, Kentucky, this 26th day of January, 1982.

PUBLIC SERVICE COMMISSION

For the Commission

ATTEST:

Secretary

APPENDIX A

APPENDIX TO AN ORDER OF THE PUBLIC SERVICE
COMMISSION IN CASE NO. 8041-H DATED
JANUARY 26, 1982

The following rates are prescribed for the customers in the area served by Ohio River Gas Company, Inc. All other rates and charges not specifically mentioned herein shall remain the same as those in effect under authority of the Commission prior to the date of this Order.

RATES:

Applicable to All Rate Schedules

Purchased Gas Adjustment

To each bill rendered under all rate schedules there shall be added an amount equal to: 5.72 cents per Ccf of gas used during the billing period.
