In the Matter of

A PURCHASED GAS ADJUSTMENT)	
FILING BY OHIO RIVER GAS)	CASE NO. 8041-K
COMPANY, INC.)	

O R D E R

On May 12, 1981, the Commission entered its Order in Case No. 8041, in which it prescribed new base rates and a purchased gas adjustment clause setting forth the wholesale rates upon which future purchased gas adjustments should be used when the wholesale cost of gas is increased, decreased or refunds are received.

On July 9, 1982, Ohio River Gas Company, Inc. ("Ohio River") notified the Commission that its supplier, Texas Gas Transmission Corporation ("Texas"), had filed with the Federal Energy Regulatory Commission ("FERC") increased rates to become effective August 1, 1982.

The rate adjustment proposed herein is based upon Texas' filing with the FERC to reflect changes in the cost of purchased gas, advanced payments and transportation of gas by others.

The estimated annual increase in revenue as a result of the Ohio River's filing of July 9, 1982, is \$37,164 or 46.2¢ per Mcf.

Ohio River, in compliance with its tariff and previous Orders of this Commission, submitted with its notice certain information including verification of the rates and charges of its supplier.

After reviewing this evidence of record and being advised, the Commission is of the opinion and finds that:

(1) Ohio River's supplier, Texas Gas, has filed for increased rates to be effective August 1, 1982.

(2) The application filed July 9, 1982, reflected Texas Gas' rates as filed with the FERC on June 29, 1982, to be effective August 1, 1982.

(3) The estimated annual increase in revenue as a result of Ohio River's filing of July 9, 1982, is \$37,164 or 46.2% per Mcf.

(4) Ohio River's base supplier rate for purchased gas will be as follows:

Texas Gas Transmission Corporation	<u>Monthly Demand Charge</u>	<u>Commodity Charge</u>
Rate G-4	\$3.17	358.07¢

(5) Ohio River's adjustment in rates under the purchased gas adjustment provisions approved by the Commission in its Order in Case No. 8041, dated May 12, 1981, is fair, just, reasonable, in the public interest and should be effective with gas supplied on and after the date of the decreased cost of wholesale gas becomes effective.

IT IS THEREFORE ORDERED that the purchased gas adjustment sought by Ohio River as set out in Appendix A attached hereto and made a part hereof, be and, is hereby approved to be effective with gas supplied on and after August 1, 1982.

IT IS FURTHER ORDERED that for the purpose of future application of the purchased gas adjustment clause of Ohio River, the base rate for purchased gas shall be:

Texas Gas Transmission	<u>Demand</u>	<u>Commodity</u>
Rate G-4	\$3.17	358.07¢

IT IS FURTHER ORDERED that within 30 days after the date of this Order, Ohio River shall file with this Commission its revised tariff sheets setting out the rates approved herein.

IT IS FURTHER ORDERED that the information furnished this Commission by Ohio River on July 9, 1982, constitutes full compliance with the Commission's requirements and Order in Case No. 8041, and any other information ordinarily required to be filed under the Commission's regulations is hereby waived.

Done at Frankfort, Kentucky, this 30th day of July, 1982.

PUBLIC SERVICE COMMISSION
