O R D E R

West Kentucky Rural Electric Cooperative Corporation ("West Kentucky") by application filed on December 14, 1981, requested permission to transfer its meter history records from a card file to an on-line computer information storage and retrieval system. This request to deviate from Regulation 807 KAR 50:015, Section 15(2) [now 807 KAR 5:006E, Section 15(2)], was made in compliance with Regulation 807 KAR 50:015, Section 24 (now 807 KAR 5:006E, Section 24).

The Commission, having considered the evidence of record and being advised, is of the opinion and finds that:

1. The meter test records required by Regulation 807 KAR 5:006E, Section 15(1), will remain on a card file.
2. The meter history records required by Regulation 807 KAR 5:006E, Section 15(2), will be maintained in the computer storage system.

3. Adequate provisions for data storage, protection of stored data and retrieval of information from the computer storage have been made.

4. The proposed system will improve the record keeping operations of West Kentucky and will benefit both the utility and its members; therefore, this application should be approved.

IT IS HEREBY ORDERED that the application by West Kentucky for a deviation from the requirement of Regulation 807 KAR 5:006E, Section 15, is approved and the meter history records may be transferred to and stored in an on-line computer information storage and retrieval system.

IT IS FURTHER ORDERED that West Kentucky shall prepare an annual print-out from the computer which lists those meters which will be due for a periodic test during the following year.
