OF CONVENIENCE AND NECESSITY ALONG WITH THE)	
F.C.C. LICENSE AND KRH665 TO COMMONWEALTH)	
TELECOMMUNICATIONS, INC. (CTI))	

O R D E R

IT IS ORDERED that Radio Communications Corporation ("RCC") and Metro Telecommunications of Kentucky ("Metro") shall file an original and six copies of the following information with the Commission by October 7, 1982. If the information requested or a motion for an extension of time is not filed by the stated date, the Commission may dismiss the case without prejudice.

1. On August 24, 1982, the Commission ordered RCC and Metro to file their respective balance sheets. On August 30, 1982, RCC and Metro filed a response which referred to the balance sheets but failed to contain them. Provide the balance sheet for RCC and Metro.

2. Provide the number of customers served on December 31, 1981, and June 30, 1982, under each tariffed service offering of RCC and Metro.

3. The pro forma income statement of Commonwealth Telecommunications, Inc. ("CTI") reflects paging income at \$27.50 per unit per month. Reconcile this figure with RCC's tariff rate of \$15 per month.

4. If the 36 month pro forma income statements of CTI reflect any income and/or expenses associated with the sales, rental or maintenance of unregulated equipment, file pro forma income statements which reflect only regulated income and expenses.

5. Provide an explanation to support CTI's projection of 75 additional paging units per month for 28 months and then 20 paging units per month for 8 months.

6. Reconcile the cost estimates for new equipment as shown in Exhibit 5 of the Application with the estimates shown in item 4 of the response to the Commission's August 24, 1982, information request.

7. Provide the manner in detail in which it is proposed to finance the new construction.

Done at Frankfort, Kentucky, this 23rd day of September, 1982.
