If the information requested or a motion for an extension of time is not filed by the stated date, the Commission may dismiss the case without prejudice.

1. Provide an explanation why the following accounts showed unusually large increases in 1981, according to the 1981 annual report.

	$\frac{1/1/81}{}$	12/31/81
non-utility property	\$245,257	\$1,175,339

notes payable	10,567	128,239
federal grants in aid	242,425	843,105
of constr.		

It appears that these increases resulted from the addition of the Sewer Division. If so, break down all 1981 balance sheet and income statement accounts so that Water and Sewer Division accounts are reported separately.

2. Provide details concerning the \$12,745 interest and dividend income for 1981. Include details about the investment which produces this income and whether this income is expected to recur.

Done at Frankfort, Kentucky, this 11th day of November, 1982.
