In the Matter of:

THE CATV POLE ATTACHMENT)	
TARIFF OF NOLIN RURAL ELECTRIC)	ADMINISTRATIVE
COOPERATIVE CORPORATION)	CASE NO. 251-44

O R D E R

Procedural Background

On September 17, 1982, the Commission issued an Amended Order in Administrative Case No. 251, "The adoption of a Standard Methodology for Establishing Rates for CATV Pole Attachments," and ordered electric and telephone utilities providing or proposing to provide CATV pole attachments to file tariffs conforming with the principles and findings of the Order on or before November 1, 1982.

On October 29, 1982, Nolin Rural Electric Cooperative Corporation ("Nolin") filed rates, rules, and regulations governing CATV pole attachments. On November 15, 1982, the Commission suspended Nolin's CATV pole attachment tariff to allow the maximum statutory time for investigation and comment from interested persons.

On November 19, 1982, the Kentucky Cable Television Association, Inc., ("KCTA") requested and was granted leave to intervene and comment on Nolin's CATV pole attachment tariff. On January 17, 1983, KCTA filed a statement of objections to various

CATV pole attachment tariffs, but made no specific objections in the case of Nolin. On December 14, 1982, Nolin filed revised rates for CATV pole attachments.

The Commission considers the matter of Nolin's CATV pole attachment tariff submitted for final determination.

Findings

The Commission, having considered the evidence of record and being advised, is of the opinion and finds that:

1. Nolin's rules and regulations governing CATV pole attachments conform with the principles and findings of the Commission's Amended Order in Administrative Case No. 251, and should be approved, except as follows:

(a) The tariff should be filed in the form prescribed by 807 KAR 5:011, Section 3.

(b) The late payment provision should be the same as that applied to other commercial classes of service.

2. Nolin's calculation of its annual carrying cost should be modified to exclude interest expense as this is covered by the "cost of money" component.

3. Nolin's weighted average cost of poles, anchors and grounds should be based on calculations from the "beginning of the plant" as revised in Nolin's filing on December 14, 1982.

4. Nolin should be allowed to substitute 1982 Annual Report information to adjust its annual carrying charge, if the information is available and filed with the Commission.

ORDERS

IT IS THEREFORE ORDERED that Nolin's CATV pole attachment tariff as filed with the Commission on October 29, 1982, and as revised December 14, 1982, be and it hereby is dismissed.

IT IS FURTHER ORDERED that Nolin shall file revised rates, rules, and regulations governing CATV pole attachments with the Commission within 30 days from the date of this Order, and that the revised rates, rules and regulations shall conform with the findings of this Order.

IT IS FURTHER ORDERED that Nolin shall file detailed workpapers supporting its revised rates at the same time it files its revised rates, rules and regulations.

Done at Frankfort, Kentucky, this 31st day of March, 1983.
