O R D E R

On December 17, 1982, the Commission issued an Order in this case which denied a rate increase proposed by East Clark County Water District ("East Clark"). On January 5, 1983, East Clark filed an application for rehearing or reconsideration of the Commission's Order. The application requests that certain adjustments made to East Clark's test period operating results be reviewed in reconsidering the proposed rate increase.

The Commission, after consideration of the issues raised by East Clark in the application for rehearing or reconsideration, is of the opinion and finds that:

1. The issues addressed by East Clark are significant, and a reconsideration should be granted.

2. East Clark should be afforded the opportunity to request a formal hearing in this matter or to have the issues reconsidered through additional written submissions and the record in this matter.

IT IS THEREFORE ORDERED that within 5 days after receipt of this Order East Clark shall notify the Commission in writing of its preference for reconsideration of this matter through a formal hearing or through written submissions.
