(3) APPROVAL OF THE INCREASED)
WATER RATES PROPOSED TO BE CHARGED))
BY THE DISTRICT TO CUSTOMERS OF)
THE DISTRICT)

ORDER

The McCreary County Water District ("McCreary County") filed its application and Master Plan on September 19, 1983, which requested a certificate of public convenience and necessity for the construction of a 400,000-gallon water storage tank and related appurtenances.

SUMMARY

The Commission, after consideration of the application and being advised, is of the opinion and finds that:

1. A Final Order was entered in Case No. 8720 on June 8, 1983, granting approval for certain waterworks improvements, approval of a proposed plan of financing and approval of increased water rates for McCreary County's customers.

2. McCreary County's application and Master Plan is in essence a request for reconsideration of the Final Order in this case.

3. McCreary County's request for reconsideration was not timely filed and should be denied.

4. Should McCreary County determine that it needs to perform additional construction not certificated by the Commission's Order entered June 8, 1983, it should file a new application with this Commission requesting the necessary approvals.

IT IS THEREFORE ORDERED that this request for reconsideration be and it hereby is denied.

Done at Frankfort, Kentucky, this 26th day of January, 1984.
