JANUARY 1, 1984 )

CASE NO. 8838

O R D E R

On May 25, 1984, the Independent Telephone Group, by counsel, filed a Motion requesting that the Commission permit it to file testimony on June 22, 1984, the date by which intervenors are to file testimony, rather than by April 13, 1984, as heretofore ordered by the Commission (Order entered April 3, 1984).

The Motion states that the final National Exchange Carrier's Association ("NECA") Interstate Access Charge Tariffs were filed with the Federal Communications Commission on May 18, 1984, that the Independent Telephone Group did not receive a copy of those tariffs, and that many issues in this case may be affected by the Interstate Tariffs.

The Motion further states that it has not been possible for the intralata pool administrator (South Central Bell Telephone Company) to produce an accurate reporting of the disposition of intralata pool funds or revenue conditions of any of the local exchange carriers, that it expects to receive copies

of the NECA Tariffs within 10 days and that South Central Bell Telephone Company estimates that its April intralata pool statement, to be issued during May or early June, 1984, will reflect substantial adjustments and will therefore allow all parties more accurate revenue projections.

Finally, the Motion states that the Independent Telephone Group would make its witnesses available for cross-examination at the hearing scheduled July 31, 1984.

The Commission, having considered the Motion and being advised, HEREBY ORDERS that the Motion be and it hereby is sustained.

Done at Frankfort, Kentucky, this 4th day of June, 1984.
